Sponsors Logos

There are rules about the size permitted for sponsors logos. They are as follows:

- Saddle Cloth – 200 cm²
- Jackets – 80 cm²

It is appreciated that sponsors are extremely important to the sport and we should be doing the best we can for them however, this needs to be within the requirements of our rules.

With regards to the measuring of logos on **saddle cloths**, the total allowed area is 200 cm².

With regards to measuring of logos on **jackets**, the total area allowed is 80 cm².

Measurements are based on extremities including white space, they are not based on indented edges for each part of the logo. If the logo sits on a patch then it is the whole patch that is measured.

Details re sponsors logos can be found in the EA General Regulations – Article 135.1.2 -

http://www.equestrian.org.au/sites/default/files/Equestrian_Australia_General_Regulations_24042018.pdf and also in the Dressage Rule Book – rule 2.9.

Stallion – Rules and Regulation effective 1/7/18

Just a reminder about these latest rules.

These latest rules, that now include an update made on 15/6/18, are available here – <http://www.equestrian.org.au/news/stallion-identification-update> - these rules are effective and in place from 1/7/18.

Green discs must be worn at ALL times.

Lesley
