

### **IQ Handbook Amendment- Prep Riders (27/01/16)**

Prep riders are now able to compete as Primary School riders within interschool, providing they are able to ride independently (off leading rein). Riders must be able to ride all parts of the required tests/workouts independently (i.e. for dressage be able to canter movements as per preliminary dressage requirements). This is an amendment to section 5.2 of the IQ Handbook.

Age restrictions still apply in Eventing, where the level riders may compete at is determined by their age, not their school year. Please see section 11 of the IQ Handbook for details of this rule.
