#### **WHY LOAN YOUR HORSE?**

- Queensland has fielded large teams of riders at previous competitions throughout Australia and has in the past used horses provided by owners in Western Australia. Parents, coaches, riders and team managers were consistently impressed with the quality of the horses provided to our riders. Let's return this hospitality by providing great horses and ponies for the Western Australia, Tasmania and Northern Territory riders who will compete in Queensland this year.
- Have your horse compete at a National level with a Junior rider.
- Support the development and expand the experience of your riders that are future of equestrian sport.
- Owners will be paid for the use of their horse or pony.
- If your horse is not currently registered with EA, it will need to be registered.
