A 5.5% transaction fee applies to all on-line entries

Before you start your entry make sure you have the following information handy so you can complete the entry before the system times out. The system has a 60-minute timeout for security purposes which means that you have a max of 1 hour to complete your entry. If you take longer than this the system will time out and you will need to start the process all over again, losing all your entry details so far.

When you have finished your entries, you will need to start another Nominate entry for stabling.
