Coach Educator and SSTA Qualifications

Coaching and riding are separate skills that both take time to master. Being an experienced rider doesn't ensure or guarantee that one will be an effective coach. Similarly coaching and assessing are separate skills.

Being an experienced Coach doesn't necessarily mean the Coach will be able to apply the assessment principles to assess Course Candidates according to EA NCAS competency standards.

All three roles – Riding, Coaching and Assessing - have specific skills that need to be taught, learnt, practised and applied in order to achieve competency, and all require regular updating and professional development to maintain this competency.

Coach Educators and SSTAs need to understand and apply assessment principles and processes fairly in accordance with EA NCAS competency standards at all times. The ability to remain open-minded, fair and objective and to have good communication skills (listening, questioning and feedback) is essential. SSTAs and CEs need to be committed to preserving and improving the standards of coaching delivery, coaching, riding and horse management training and assessment.

EA Coach Educator and SSTA Course

The EA National Office with the valuable assistance of the State Branches, run several 2 Day CE/SSTA Course (update) and 3 day promotion courses throughout the year.

This course has been updated to provide both the opportunity for renewal for current CEs and SSTAs, and to accredit new CEs and SSTAs. In order to satisfy the new CE/SSTA accreditation, all 3 days must be attended. For those who wish to update their CE/SSTA status only the 2nd and 3rd days must be attended.

This course is intended to provide all participants with the following which are essential to undertaking the CE/SSTA role:

- 1) A greater understanding of EA Education (Riding and Horse Management) and Accreditation (Coaching) programs and courses
 - 2) A detailed understanding of EA NCAS Policies and Procedure
 - 3) EA Assessment Principles, Procedures and Guidelines
 - 4) An improved understanding of course content, including the syllabi and learning guide, relating to Riding, Horse Management and Coaching (according to accreditation level)*
 - 5) The skills and knowledge required to assess and sign course verification (activity) slips in regards to: Riding, Horse Management and Coaching (according to accreditation level)*
- *Points 4 and 5 are dependent in part on the availability of demo riders and coaches**

The course will focus on ensuring the EA Assessment standards are implemented and maintained. A combination of practical and theoretical activities will be involved. Participants will be given every opportunity to demonstrate their understanding, competency and compliance with the EA NCAS Policies and Procedures and EA Assessment principles, procedures and guidelines.

The Program

All candidates must attend their course requirements in full. New CEs and SSTAs attend all 3 days, and renewing CEs and SSTAs attend days 2 and 3.
