PREAMBLE

The present Rules for Dressage Events are the 24th edition, effective 1st January 2011. The Rules include Dressage Rules for Young Riders, Juniors, Pony Riders and Children (the "Dressage Rules").

All other rules covering the same subject matter (other editions and all other official documents) issued previously are superseded.

Although these Rules set out the detailed rules of the Fédération Equestre Internationale ("FEI") governing International Dressage Events, they must be read in conjunction with the Statutes, the General Regulations (hereinafter GRs), the Veterinary Regulations (hereinafter VRs), and all other FEI Rules and Regulations.

Every eventuality cannot be provided for in these Dressage Rules. In any unforeseen or exceptional circumstances, it is the duty of the Ground Jury or the relevant person or body to make a decision in a sporting spirit, by approaching as near as possible the intention of the Dressage Rules and of the FEI GRs. Should there remain any omissions in the Dressage Rules, such omission shall be interpreted in a manner compatible to the fullest extent with the other provisions of these Dressage Rules, other Rules and Regulations of the FEI, and sporting spirit.

In the Dressage Rules, the use of the masculine shall be interpreted to also include the feminine form.

Any terms with the capitalised letter are defined in the Dressage Rules, in the GRs or in the Statutes.

FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The FEI requires all those involved in international equestrian sport to adhere to the FEI Code of Conduct and to acknowledge and accept that at all times the welfare of the Horse must be paramount. Welfare of the Horse must never be subordinated to competitive or commercial influences. The following points must be particularly adhered to:

1. General Welfare:

a) Good Horse management

Stabling and feeding must be compatible with the best Horse management practices. Clean and good quality forage, feed and water must always be available.

b) Training methods

Horses must only undergo training that matches their physical capabilities and level of maturity for their respective disciplines. They must not be subjected to methods which are abusive or cause fear.

c) Farriery and tack

Foot care and shoeing must be of a high standard. Tack must be designed and fitted to avoid the risk of pain or injury.

d) Transport

During transportation, Horses must be fully protected against injuries and other health risks. Vehicles must be safe, well ventilated, maintained to a high standard, disinfected regularly and driven by competent personnel. Competent handlers must always be available to manage the Horses.

e) Transit

All journeys must be planned carefully, and Horses allowed regular rest periods with access to food and water in line with current FEI guidelines.

2. Fitness to compete:

a) Fitness and competence

Participation in Competition must be restricted to fit Horses and Athletes of proven competence. Horses must be allowed suitable rest period between training and competitions; additional rest periods should be allowed following travelling.

b) Health status

No Horse deemed unfit to compete may compete or continue to compete, veterinary advice must be sought whenever there is any doubt.

c) Doping and Medication

Any action or intent of doping and illicit use of medication constitute a serious welfare issue and will not be tolerated. After any veterinary treatment, sufficient time must be allowed for full recovery before Competition.

d) Surgical procedures

Any surgical procedures that threaten a competing Horse's welfare or the safety of other Horses and/or Athletes must not be allowed.

e) Pregnant/recently foaled mares

Mares must not compete after their fourth month of pregnancy or with foal at foot.

f) Misuse of aids

Abuse of a Horse using natural riding aids or artificial aids (e.g. whips, spurs, etc.) will not be tolerated.

3. **Events must not prejudice Horse welfare:**

a) Competition areas

Horses must be trained and compete on suitable and safe surfaces. All obstacles and competition conditions must be designed with the safety of the Horse in mind.

b) Ground surfaces

All ground surfaces on which Horses walk, train or compete must be designed and maintained to reduce factors that could lead to injury.

c) Extreme weather

Competitions must not take place in extreme weather conditions that may compromise welfare or safety of the Horse. Provision must be made for cooling conditions and equipment for Horses after competing.

d) Stabling at Events

Stables must be safe, hygienic, comfortable, well ventilated and of sufficient size for the type and disposition of the Horse. Washing-down areas and water must always be available.

4. **Humane treatment of Horses:**

a) Veterinary treatment

Veterinary expertise must always be available at an Event. If a Horse is injured or exhausted during a Competition, the Athlete must stop competing and a veterinary evaluation must be performed.

b) Referral centres

Wherever necessary, Horses should be collected by ambulance and transported to the nearest relevant treatment centre for further assessment and therapy. Injured Horses must be given full supportive treatment before being transported.

c) Competition injuries

The incidence of injuries sustained in Competition should be monitored. Ground surface conditions, frequency of Competitions and any other risk factors should be examined carefully to indicate ways to minimise injuries.

d) Euthanasia

If injuries are sufficiently severe a Horse may need to be euthanized on humane grounds by a veterinarian as soon as possible, with the sole aim of minimising suffering.

e) Retirement

Horses must be treated sympathetically and humanely when they retire from Competition.

5. **Education:**

The FEI urges all those involved in equestrian sport to attain the highest possible levels of education in areas of expertise relevant to the care and management of the Competition Horse.

This Code of Conduct for the Welfare of the Horse may be modified from time to time and the views of all are welcomed. Particular attention will be paid to new research findings and the FEI encourages further funding and support for welfare studies.

CHAPTER I DRESSAGE

ARTICLE 401 OBJECT AND GENERAL PRINCIPLES OF DRESSAGE

1. The object of Dressage is the development of the Horse into a happy Athlete through harmonious education. As a result, it makes the Horse calm, supple, loose and flexible, but also confident, attentive and keen, thus achieving perfect understanding with the Athlete.

These qualities are demonstrated by:

- The freedom and regularity of the paces.
 - The harmony, lightness and ease of the movements.
 - The lightness of the forehand and the engagement of the hindquarters, originating from a lively impulsion.
 - The acceptance of the bit, with submissiveness/throughness (Durchlässigkeit) without any tension or resistance.
2. The Horse thus gives the impression of doing, of its own accord, what is required. Confident and attentive, submitting generously to the control of the Athlete, remaining absolutely straight in any movement on a straight line and bending accordingly when moving on curved lines.
 3. The walk is regular, free and unconstrained. The trot is free, supple, regular and active. The canter is united, light and balanced. The hindquarters are never inactive or sluggish. The Horse responds to the slightest indication of the Athlete and thereby gives life and spirit to all the rest of its body.
 4. By virtue of a lively impulsion and the suppleness of the joints, free from the paralysing effects of resistance, the Horse obeys willingly and without hesitation and responds to the various aids calmly and with precision, displaying a natural and harmonious balance both physically and mentally.
 5. In all the work, even at the halt, the Horse must be "on the bit". A Horse is said to be "on the bit" when the neck is more or less raised and arched according to the stage of training and the extension or collection of the pace, accepting the bridle with a light and consistent soft submissive contact. The head should remain in a steady position, as a rule slightly in front of the vertical, with a supple poll as the highest point of the neck, and no resistance should be offered to the Athlete.
 6. Cadence is shown in trot and canter and is the result of the proper harmony that a Horse shows when it moves with well-marked regularity, impulsion and balance. Cadence must be maintained in all the different trot or canter exercises and in all the variations of these paces.
 7. The regularity of the paces is fundamental to Dressage.

ARTICLE 402 THE HALT

1. At the halt the Horse should stand attentive, engaged, motionless, straight and square with the weight evenly distributed over all four (4) legs. The neck should be raised with the poll as the highest point and the noseline slightly in front of the vertical. While remaining "on the bit" and maintaining a light and soft contact with the Athlete's hand, the Horse may quietly chew the bit and should be ready to move off at the slightest indication of the Athlete. The halt must be shown for at least 3 seconds. The halt should be shown throughout the salute.

2. The halt is obtained by the displacement of the Horse's weight to the hindquarters by a properly increased action of the seat and legs of the Athlete, driving the Horse towards a softly closed hand, causing an almost instantaneous but not abrupt halt at a previously fixed place. The halt is prepared by a series of half-halts (see transitions).
3. The quality of the paces before and after the halt is an integral part of the assessment.

ARTICLE 403 THE WALK

1. The walk is a marching pace in a regular and well-marked four (4) times beat with equal intervals between each beat. This regularity combined with full relaxation must be maintained throughout all walk movements.
2. When the foreleg and the hind leg on the same side move almost on the same beat, the walk tends to become an almost lateral movement. This irregularity, which might become an ambling movement, is a serious deterioration of the pace.
3. The following walks are recognised: Medium walk, Collected walk, Extended walk and Free walk. There should always be a clear difference in the attitude and overtracking in these variations.
 - 3.1. **Medium walk.** A clear, regular and unconstrained walk of moderate lengthening. The Horse, remaining "on the bit", walks energetically but relaxed with even and determined steps, the hind feet touching the ground in front of the hoof prints of the fore feet. The Athlete maintains a light, soft and steady contact with the mouth, allowing the natural movement of the Horse's head and neck.
 - 3.2. **Collected walk.** The Horse, remains "on the bit", moves resolutely forward, with its neck raised and arched and showing a clear self-carriage. The head approaches the vertical position and a light contact is maintained with the mouth. The hind legs are engaged with good hock action. The pace should remain marching and vigorous, the feet being placed in regular sequence. The steps cover less ground and are higher than at the medium walk, because all the joints bend more markedly. The Collected walk is shorter than the Medium walk, although showing greater activity.
 - 3.3. **Extended walk.** The Horse covers as much ground as possible, without haste and without losing the regularity of the steps. The hind feet touch the ground clearly in front of the hoof prints of the fore feet. The Athlete allows the Horse to stretch out the head and neck

(forward and downwards) without losing contact with the mouth and control of the poll. The nose must be clearly in front of the vertical.

- 3.4. **Free Walk.** The free walk is a pace of relaxation in which the Horse is allowed complete freedom to lower and stretch out his head and neck. The degree of ground cover and length of strides, with hind feet stepping clearly in front of the footprints of the front feet, are essential to the quality of the free walk.

The walk is a pace in four (4)-beat rhythm with eight (8) phases (numbers in circles indicate the beat).

- 3.5. **Stretching on a long rein.** This exercise gives a clear impression of the "throughness" of the Horse and proves its balance, suppleness, obedience and relaxation. In order to execute the exercise "stretching on a long rein" correctly, the Athlete must lengthen the reins as the Horse stretches gradually forward and downward. As the neck stretches forwards and downwards, the mouth should reach more or less to the horizontal line corresponding with the point of the shoulder. An elastic and consistent contact with the Athlete's hands must be maintained. The pace must maintain its rhythm, and the Horse should remain light in the shoulders with the hindlegs well engaged. During the retake of the reins the Horse must accept the contact without resistance in the mouth or poll.

ARTICLE 404 THE TROT

1. The trot is a two (2)-beat pace of alternate diagonal legs (left fore and right hind leg and vice versa) separated by a moment of suspension.
2. The trot should show free, active and regular steps.
3. The quality of the trot is judged by general impression, i.e. the regularity and elasticity of the steps, the cadence and impulsion in both collection and extension. This quality originates from a supple back and well-engaged hindquarters, and by the ability to maintain the same rhythm and natural balance with all variations of the trot.
4. The following trots are recognised: Working trot, Lengthening of steps, Collected trot, Medium trot and Extended trot.

- 4.1. **Working trot.** This is a pace between the Collected and the Medium trot, in which a Horse's training is not yet developed enough and ready for collected movements. The Horse shows proper balance and, remaining "on the bit", goes forward with even, elastic steps and good hock action. The expression "good hock action" underlines the importance of an impulsion originating from the activity of the hindquarters.
- 4.2. **Lengthening of steps.** In the test for four (4)-year-old Horses "lengthening of steps" is required. This is a variation between the Working and Medium trot in which a Horse's training is not developed enough for Medium trot.
- 4.3. **Collected trot.** The Horse, remaining "on the bit", moves forward with the neck raised and arched. The hocks, being well-engaged and flexed, must maintain an energetic impulsion, enabling the shoulders to move with greater mobility, thus demonstrating complete self-carriage. Although the Horse's steps are shorter than in the other trots, elasticity and cadence are not lessened.
- 4.4. **Medium trot.** This is a pace of moderate lengthening compared to the Extended trot, but "rounder" than the latter. Without hurrying, the Horse goes forward with clearly lengthened steps and with impulsion from the hindquarters. The Athlete allows the Horse to carry the head a little more in front of the vertical than at the Collected and the Working trot, and to lower the head and neck slightly. The steps should be even, and the whole movement balanced and unconstrained.
- 4.5. **Extended trot.** The Horse covers as much ground as possible. Without hurrying, the steps are lengthened to the utmost as a result of great impulsion from the hindquarters. The Athlete allows the Horse to lengthen the frame and to gain ground whilst controlling the poll. The fore feet should touch the ground on the spot towards which they are pointing. The movement of the fore and hind legs should reach equally forward in the moment of extension. The whole movement should be well-balanced and the transition to Collected trot should be smoothly executed by taking more weight on the hindquarters.
5. All trot work is executed "sitting", unless otherwise indicated in the test.
6. **Stretching on a long rein.** This exercise gives a clear impression of the "throughness" of the Horse and proves its balance, suppleness, obedience and relaxation. In order to execute the exercise "stretching on a long rein" correctly, the Athlete must lengthen the reins as the Horse stretches gradually forward and downward. As the neck stretches forwards and downwards, the mouth should reach more or less to the horizontal line corresponding with the point of the shoulder. An elastic and consistent contact with the Athlete's hands must be maintained. The pace must maintain its rhythm, and the Horse should remain light in the shoulders with the hindlegs well-engaged. During the retake of the reins the Horse must accept the contact without resistance in the mouth or poll.

The trot is a pace in two (2)-beat rhythm with four (4) phases (Numbers in circles indicate the beat)

ARTICLE 405

THE CANTER

1. The canter is a three (3)-beat pace where, in canter to the right, for example, the footfall is as follows: left hind, left diagonal (simultaneously left fore and right hind), right fore, followed by a moment of suspension with all four (4) feet in the air before the next stride begins.
2. The canter, always with light, cadenced and regular strides, should be moved into without hesitation.
3. The quality of the canter is judged by the general impression, i.e. the regularity and lightness of the steps and the uphill tendency and cadence originating from the acceptance of the bridle with a supple poll and in the engagement of the hindquarters with an active hock action – and by the ability of maintaining the same rhythm and a natural balance, even after a transition from one (1) canter to another. The Horse should always remain straight on straight lines and correctly bent on curved lines.
4. The following canters are recognised: Working canter, Lengthening of strides, Collected canter, Medium canter and Extended canter.
 - 4.1. **Working canter.** This is a pace between the Collected and the Medium canter, in which a Horse's training is not yet developed enough and ready for collected movements. The Horse shows natural balance while remaining "on the bit", and goes forward with even, light and active strides and good hock action. The expression "good hock action" underlines the importance of an impulsion originating from the activity of the hindquarters.
 - 4.2. **Lengthening of strides.** In the test for four (4)-year-old Horses "lengthening of strides" is required. This is a variation between the Working and Medium canter in which a Horse's training is not developed enough for Medium canter.
 - 4.3. **Collected canter.** The Horse, remaining "on the bit", moves forward with the neck raised and arched. The hocks, being well-engaged, maintain an energetic impulsion, enabling the shoulders to move with greater mobility thus demonstrating self carriage and an uphill tendency. The Horse's strides are shorter than in the other canters, without losing elasticity and cadence.
 - 4.4. **Medium canter.** This is a pace between the Working and the Extended canter. Without hurrying, the Horse goes forward with clearly lengthened strides and impulsion from the hindquarters. The Athlete allows the Horse to carry the head a little more in front of the vertical than in the Collected and Working canter, and at the same time allows the Horse, to lower the head and neck slightly. The strides should be balanced and unconstrained.
 - 4.5. **Extended canter.** The Horse covers as much ground as possible. Without hurrying, the strides are lengthened to the utmost. The Horse remains calm, light and straight as a result of great impulsion from the hindquarters. The Athlete allows the Horse to lengthen the frame with a controlled poll and to gain ground. The whole movement should be well-balanced and the transition to Collected canter should be smoothly executed by taking more weight on the hindquarters.
 - 4.6. **Counter-canter.** The Counter canter is a balancing and straightening movement that must be executed in collection. The Horse canters in correct sequence with the outside foreleg leading with positioning to the side of the leading leg. The foreleg should be aligned to the same track as the hind leg.
 - 4.7. **Simple change of leg at the canter.** This is a movement in which, after a direct transition out of the canter into a walk, with three (3) to five (5) clearly defined steps, an immediate transition is made into the other canter lead.

- 4.8. **Flying change of leg.** The flying change is performed in one (1) stride with the front and hind legs changing at the same moment. The change of the leading front and hind leg takes place during the moment of suspension. The aids should be precise and unobtrusive.

Flying changes of leg can also be executed in series at every 4th, 3rd, 2nd or at every stride. The Horse, even in the series, remains light, calm and straight with lively impulsion, maintaining the same rhythm and balance throughout the series concerned. In order not to restrict or restrain the lightness, fluency and groundcover of the flying changes in series, enough impulsion must be maintained.

Aims of flying changes: To show the reaction, sensitivity and obedience of the Horse to the aids for the change of leg.

The canter is a pace in three-beat rhythm with six (6) phases

ARTICLE 406 REINBACK

1. Reinback is a rearward diagonal movement with a two (2)-beat rhythm but without a moment of suspension. Each diagonal pair of legs is raised and returned to the ground alternatively, with the forelegs aligned on the same track as the hindlegs.
2. During the entire exercise, the Horse should remain "on the bit", maintaining its desire to move forward.
3. Anticipation or precipitation of the movement, resistance to or evasion of the contact, deviation of the hindquarters from the straight line, spreading or inactive hind legs and dragging forefeet are serious faults.
4. The steps are counted as each foreleg moves back. After completing the required number of steps backward, the Horse should show a square halt or move forward in the required pace immediately. In tests where a Reinback of one (1) Horse's length is required, it should be executed with three (3) or four (4) steps.

5. Reinback series (Schaukel) is a combination of two (2) reinbacks with walk steps in between. It should be executed with fluent transitions and the required number of steps.

ARTICLE 407 THE TRANSITIONS

The changes of pace and variations within the paces should be exactly performed at the prescribed marker. The cadence (except in walk) should be maintained up to the moment when the pace or movement is changed or the Horse halts. The transitions within the paces must be clearly defined while maintaining the same rhythm and cadence throughout. The Horse should remain light in hand, calm, and maintain a correct position.

The same applies to transitions from one (1) movement to another, for instance from passage to piaffe or vice versa.

ARTICLE 408 THE HALF HALTS

Every movement or transition should be invisibly prepared by barely perceptible half halts. The half halt is an almost simultaneous, coordinated action of the seat, the legs and the hands of the Athlete, with the object of increasing the attention and balance of the Horse before the execution of the movements or transitions to lower and higher paces. By shifting slightly more weight onto the Horse's hindquarters, the engagement of the hind legs and the balance on the haunches are improved for the benefit of the lightness of the forehand and the Horse's balance as a whole.

ARTICLE 409 THE CHANGES OF DIRECTIONS

1. At changes of direction, the Horse should adjust the bend of his body to the curvature of the line it follows, remaining supple and following the indications of the Athlete, without any resistance or change of pace, rhythm or speed.
2. Changes of directions can be executed in the following ways:
 - a. Right-angled turn including riding through the corner (one -1- quarter of a volte of approx. six -6- metres).
 - b. Short and long diagonal.
 - c. Half voltes and half circles with change of rein.
 - d. Half pirouettes and turn on the haunches.
 - e. Serpentine loops.
 - f. Counter-changes of hand (in zig-zag)*. The Horse should be straight for a moment before changing direction.

*Zig-zag: A movement containing more than two (2) half-passes with changes of direction.

THE FIGURES

The figures asked in Dressage tests are the voltes, the serpentines and the figures of eight.

1. **Volte**

The volte is a circle of six (6), eight (8) or ten (10) metres in diameter. If larger than ten (10) metres it is a circle.

2. **Serpentine**

The serpentine with several loops touching the long side of the arena consists of half circles connected by a straight line. When crossing the centreline, the Horse should be parallel to the short side (a). Depending on the size of the half circles, the straight connection varies in length. Serpentines with one (1) loop on the long side of the arena are executed with five (5) metres or ten (10) metres distance from the track (b). Serpentines around the centre line are executed between the quarter lines (c).

3. **Figure of eight**

This figure consists of two (2) voltes or circles of equal size as prescribed in the test, joined at the centre of the eight (8). The Athlete should make his Horse straight an instant before changing direction at the centre of the figure.

ARTICLE 411 LEG-YIELDING

1. The aim of leg yielding: To demonstrate the suppleness and lateral responsiveness of the Horse.
2. Leg-yielding is performed in Working trot in FEI Competitions. The Horse is almost straight, except for a slight flexion at the poll away from the direction in which it moves, so that the Athlete is just able to see the eyebrow and nostril on the inside. The inside legs pass and cross in front of the outside legs.

Leg-yielding should be included in the training of the Horse before it is ready for Collected work. Later on, together with the more advanced shoulder-in movement, it is the best means of making a Horse supple, loose and unconstrained for the benefit of the freedom, elasticity and regularity of its paces and the harmony, lightness and ease of its movements.

Leg yielding can be performed "on the diagonal" in which case the Horse should be as nearly as possible parallel to the long sides of the arena, although the forehand should be slightly in advance of the hindquarters. It can also be performed "along the wall" in which case the Horse should be at an angle of about thirty five (35) degrees to the direction in which he is moving.

ARTICLE 412 LATERAL MOVEMENTS

1. The main aim of lateral movements – except leg-yielding - is to develop and increase the engagement of the hindquarters and thereby also the collection.
2. In all lateral movements - shoulder-in, travers, renvers, and half-pass, the Horse is slightly bent and moves on different tracks.
3. The bend or flexion must never be exaggerated so that it does not impair the rhythm, the balance and fluency of the movement.

4. In the lateral movements, the pace should remain free and regular, maintaining a constant impulsion, yet it must be supple, cadenced and balanced. The impulsion is often lost because of the Athlete's preoccupation with bending the Horse and pushing it sideways.
5. **Shoulder-in.** The shoulder-in is performed in Collected trot. The Horse is ridden with a slight but uniform bend around the inside leg of the Athlete maintaining engagement and cadence and a constant angle of approx. thirty (30) degrees. The Horse's inside foreleg passes and crosses in front of the outside foreleg; the inside hind leg steps forward under the Horse's body weight following the same track of the outside foreleg, with the lowering of the inside hip. The Horse is bent away from the direction in which it is moving.
6. **Travers.** Travers can be performed in Collected trot or Collected canter. The Horse is slightly bent round the inside leg of the Athlete but with a greater degree of bend than in shoulder-in. A constant angle of approximately thirty five (35) degrees should be shown (from the front and from behind one -1- sees four -4- tracks). The forehand remains on the track and the quarters are moved inwards. The Horse's outside legs pass and cross in front of the inside legs. The Horse is bent in the direction in which it is moving.

To start the travers, the quarters must leave the track or, after a corner or circle, are not brought back onto the track. At the end of the travers, the quarters are brought back on the track (without any counter-flexion of the poll/neck) as one (1) would finish a circle.

Aims of travers: To show a fluent Collected trot movement on a straight line and a correct bend. Front and hind legs are crossing, balance and cadence are maintained.

7. **Renvers.** Renvers is the inverse movement in relation to travers. The hindquarters remain on the track while the forehand is moved inward. To finish the renvers the forehand is aligned with the quarters on the track. Otherwise, the same principles and conditions that apply to the travers are applicable to the renvers.

The Horse is slightly bent around the inside leg of the Athlete. The Horse's outside legs pass and cross in front of the inside legs. The Horse is bent in the direction in which it is moving.

Aims of renvers: To show a fluent Collected trot movement on a straight line with a greater degree of bend than in shoulder-in. Fore and hind legs cross, balance and cadence are maintained.

8. **Half pass.** Half-pass is a variation of travers, executed on a diagonal line instead of along the wall. It can be performed in Collected trot (and in passage in a freestyle) or Collected canter. The Horse should be slightly bent around the inside leg of the Athlete and in the direction in which it is moving. The Horse should maintain the same cadence and balance throughout the whole movement. In order to give more freedom and mobility to the shoulders, it is of great importance that the impulsion be maintained, especially the engagement of the inside hind leg. The Horse's body is nearly parallel to the long side of the arena with the forehand slightly in advance of the hindquarters.

In the trot, the outside legs pass and cross in front of the inside legs. In the canter, the movement is performed in a series of forward/sideways strides.

Aims of half-pass in trot: To show a fluent collected trot movement on a diagonal line with a greater degree of bend than in shoulder-in. Fore and hind legs cross, balance and cadence are maintained.

Aims of the half-pass in canter: To both demonstrate and develop the collection and suppleness of the canter by moving fluently forwards and sideways without any loss of rhythm, balance or softness and submission to the bend.

THE PIROUETTE, THE HALF-PIROUETTE AND TURN ON THE HAUNCHES

1. The Pirouette (half-pirouette) is a turn of three hundred and sixty (360) degrees (hundred and eighty -180- degrees) executed on two (2) tracks, with a radius equal to the length of the Horse and the forehand moving around the haunches.
2. Pirouettes (half-pirouettes) are usually carried out at Collected walk or canter, but can also be executed at piaffe.
3. At the pirouette (half-pirouette) the forefeet and the outside hind foot move around the inside hind foot. The inside hind leg describes a circle as small as possible.
4. At whatever pace the pirouette (half-pirouette) is executed, the Horse, slightly bent in the direction in which it is turning, remains "on the bit" with light contact, turning smoothly around, and maintaining sequence and timing of footfalls of that pace. The poll remains the highest point during the entire movement.
5. During the pirouettes (half-pirouettes), the Horse should maintain its activity (walk also included) and never move backwards or sideways.
6. In executing the pirouette or the half-pirouette in canter, the Athlete should maintain lightness of the Horse while accentuating the collection. The Horse's hindquarters are well engaged and lowered and show a good flexion of the joints. An integral part of the movement is the quality of the canter strides before and after the pirouette. The strides should show an increased activity and collection before the pirouette and the balance should be maintained at the end of the pirouette.

Aims of the pirouette and half-pirouette in canter: To demonstrate the willingness of the Horse to turn around the inside hind leg on a small radius, slightly bent in the direction of the turn while maintaining the activity and the clarity of the canter, the straightness and the balance before and after the figure and clear canter strides during the turn. In the pirouette or half-pirouette in canter, the Judges should be able to recognize a real canter stride although the feet of the diagonal – inside hind leg, outside front leg – are not touching the ground simultaneously.

Pirouette and half-pirouette in canter

7. The quality of the pirouettes (half-pirouettes) is judged according to the suppleness, lightness and regularity, and the precision and smoothness of the entrance and exit. Pirouettes (half-pirouettes) in canter should be executed in six (6) to eight (8) strides – full pirouettes – and three to four (4) strides – half-pirouette.
8. Half-pirouettes in walk (one-hundred and eighty -180- degrees) are executed out of Collected walk with the collection being maintained throughout the exercise. When the Horse exits the half-pirouette it returns to the initial track without crossing the hind legs.

Half-pirouette in walk

9. Turn on the haunches from walk. For younger Horses that are still not able to show Collected walk the "turn on the haunches" is an exercise to prepare the Horse for collection. The "turn on the haunches" is executed out of Medium walk prepared by half halts to shorten the steps a little and to improve the ability to bend the joints of the hindquarters. The Horse does not halt before or after the turn. The "turn on the haunches" can be executed on a larger radius (approx. ½m) than the pirouette in walk, but the demands of the training scale concerning rhythm, contact, activity and straightness are the same.
10. Turn on the haunches from halt to halt (one-hundred and eighty -180- degrees). To maintain the forward tendency of the movement one (1) or two (2) forward steps at the beginning of the turn are permitted. The same criteria apply as for the turn on the haunches from walk.

ARTICLE 414 THE PASSAGE

1. Passage is a measured, very collected, elevated and cadenced trot. It is characterised by a pronounced engagement of the hindquarters, a more accentuated flexion of the knees and hocks, and the graceful elasticity of the movement. Each diagonal pair of legs is raised and returned to the ground alternately, with cadence and a prolonged suspension.
2. In principle, the height of the toe of the raised forefoot should be level with the middle of the cannon bone of the other supporting foreleg. The toe of the raised hind foot should be slightly above the fetlock joint of the other supporting hind leg.
3. The neck should be raised and gracefully arched with the poll as the highest point and the nose line close to the vertical. The Horse should remain light, and soft "on the bit" without altering the cadence. The impulsion remains lively and pronounced.
4. Irregular steps with the hind or front legs, swinging the forehand or the hindquarters from one (1) side to the other, as well as jerky movements of the forelegs or the hind legs, dragging the hind legs or double beat in the moment of suspension are serious faults.

The aim of passage is to demonstrate the highest degree of collection, cadence and suspension in the trot.

ARTICLE 415 THE PIAFFE

1. Piaffe is a highly collected, cadenced, elevated diagonal movement giving the impression of remaining in place. The Horse's back is supple and elastic. The hindquarters are lowered; the haunches with active hocks are well engaged, giving great freedom, lightness and mobility to the shoulders and forehand. Each diagonal pair of legs is raised and returned to the ground alternately, with spring and an even cadence.

- 1.1. In principle, the height of the toe of the raised forefoot should be level with the middle of the cannon bone of the other supporting foreleg. The toe of the raised hind foot should reach just above the fetlock joint of the other supporting hind leg.
- 1.2. The neck should be raised and gracefully arched, with the poll as the highest point. The Horse should remain "on the bit" with a supple poll, maintaining soft contact. The body of the Horse should move in a supple, cadenced and harmonious movement.
- 1.3. Piaffe must always be animated by a lively impulsion and characterised by perfect balance. While giving the impression of remaining in place, there may be a visible inclination to advance, this being displayed by the Horse's eager acceptance to move forward as soon as it is asked.
- 1.4. Moving even slightly backwards, irregular or jerky steps with the hind or front legs, no clear diagonal steps, crossing either the fore or hind legs, or swinging either the forehand or the hindquarters from one (1) side to the other, getting wide behind or in front, moving too much forward or double-beat rhythm are all serious faults.

The aim of piaffe is to demonstrate the highest degree of collection while giving the impression of remaining in place.

ARTICLE 416 THE IMPULSION / THE SUBMISSION

1. Impulsion is the term used to describe the transmission of an eager and energetic, yet controlled, propulsive energy generated from the hind quarters into the athletic movement of the Horse. Its ultimate expression can be shown only through the Horse's soft and swinging back guided by gentle contact with the Athlete's hand.
 - 1.1. Speed, of itself, has little to do with impulsion; the result is more often a flattening of the paces. A visible characteristic is a more pronounced articulation of the hind leg, in a continuous rather than staccato action. The hock, as the hind foot leaves the ground, should first move forward rather than being pulled upwards, but certainly not backwards. A prime ingredient of impulsion is the time the Horse spends in the air rather than on the ground. Impulsion is, therefore, seen only in those paces that have a period of suspension.
 - 1.2. Impulsion is a precondition for a good collection in trot and canter. If there is no impulsion, then there is nothing to collect.
2. Submission does not mean subordination, but an obedience revealing its presence by a constant attention, willingness and confidence in the whole behaviour of the Horse as well as by the harmony, lightness and ease it is displaying in the execution of the different movements.

The degree of the submission is also demonstrated by the way the Horse accepts the bit, with light and soft contact and a supple poll. Resistance to or evasion of the Athlete's hand, being either "above the bit" or "behind the bit" demonstrate lack of submission. The main contact with the Horse's mouth must be through the snaffle bit.

- 2.1. Putting out the tongue, keeping it above the bit or drawing it up altogether, as well as grinding the teeth or agitation of the tail, are mostly signs of nervousness, tension or resistance on the part of the Horse and must be taken into account by the Judges in their marks for every movement concerned, as well as in the collective mark for "submission".
- 2.2. The first thought when considering submission is willingness, that the Horse understands what is being asked of it and is confident enough in the Athlete to react to the aids without fear or tension.

- 2.3. The Horse's straightness, uphill tendency and balance enable it to stay in front of the Athlete's legs and go forward into an accepting and self-carrying contact with the bit. This is what really produces the picture of harmony and lightness.

The fulfilling of the main requirements/movements of a Dressage test is the main criterion for submission.

ARTICLE 417 THE COLLECTION

The aim of the collection of the Horse is:

- a) To further develop and improve the balance and equilibrium of the Horse, which has been more or less displaced by the additional weight of the Athlete.
- b) To develop and increase the Horse's ability to lower and engage its hindquarters for the benefit of the lightness and mobility of its forehead.
- c) To add to the "ease and carriage" of the Horse and to make it more pleasurable to ride.

Collection is developed through the use of half-halts and the use of lateral movements shoulder-in, travers, renvers and half pass.

Collection is improved and achieved by the use of the seat and legs and containing hands to engage the hind legs. The joints bend and are supple so that the hind legs can step forward under the Horse's body.

However, the hind legs should not be engaged so far forward under the Horse, that they shorten the base of support excessively, thereby impeding the movement. In such a case, the line of the back would be lengthened and raised too much in relation to the supporting base of the legs, the stability would be impaired and the Horse would have difficulty in finding a harmonious and correct balance.

On the other hand, a Horse with an over-long base of support, which is unable or unwilling to engage its hind legs forward under its body, will never achieve acceptable collection, characterised by "ease and carriage" as well as a lively impulsion originating from the activity of the hindquarters.

The position of the head and neck of a Horse at the collected paces is naturally dependent on the stage of training and, to some degree, on its conformation. It is distinguished by the neck being raised without restraint, forming a harmonious curve from the withers to the poll, which is the highest point, with the nose slightly in front of the vertical. At the moment the Athlete applies his aids to obtain a momentary and passing collecting effect, the head may become more or less vertical. The arch of the neck is directly related to the degree of collection.

ARTICLE 418**THE POSITION AND AIDS OF THE ATHLETE**

1. All the movements should be obtained with imperceptible aids and without apparent effort of the Athlete. The Athlete should be well-balanced, elastic, sitting deep in the centre of the saddle, smoothly absorbing the movement of the Horse with his loins and hips, supple thighs with the legs steady and stretched well down. The heels should be the lowest point. The upper part of the body should be tall and supple. The contact should be independent from the Athlete's seat. The hands should be carried steadily close together, with the thumb as the highest point and a straight line from the supple elbow through the hand to the Horse's mouth. The elbows should be close to the body. All of these criteria enable the Athlete to follow the movements of the Horse smoothly and freely.
2. The effectiveness of the Athlete's aids determines the precise fulfilment of the required movements of the tests. There shall always be the impression of a harmonious co-operation between Horse and Athlete.
3. Riding with both hands is obligatory at FEI Dressage Events. When leaving the arena at a walk on long rein, after having finished the test the Athlete may, at his own discretion, ride with only one (1) hand. For Freestyle tests, see also Directives for Judges – Freestyle tests and Directives for assessing the degree of difficulty in a Freestyle test available at www.fei.org.
4. The use of the voice or clicking the tongue repeatedly is a serious fault, which should be considered in the mark for the movement.

CHAPTER II DRESSAGE EVENTS

ARTICLE 419 OBJECT OF INTERNATIONAL DRESSAGE EVENTS

The FEI established an International Dressage Event in 1929 in order to preserve the Equestrian Art from the abuses to which it can be exposed and to preserve it in the purity of its principles, so that such principles of the discipline could be handed down intact to future generations of Athletes.

ARTICLE 420 CATEGORIES OF INTERNATIONAL DRESSAGE EVENTS

1. In conformity with the GRs, the International Dressage Events are divided into CDI1* to CDI5*, CDI-Ws, CDIO2* to CDIO5*, CDI-U25, CDIO-U25, CDI-Y, CDIOY, CDI-J, CDIOJ, CDI-Ch, CDIO-Ch, CDI-P, CDIOP, CDI-YH, FEI Championships, Regional and Olympic Games which must be held according to the Rules given in the following articles, unless otherwise stated in the preemptive Rules for any of these Events, such as the Olympic Games or Paralympic Games.
2. Promotional Dressage Events. Outside Europe* and North America*, the FEI allows so-called "Promotional Dressage Events"(PDR)". These Events may also be held on borrowed Horses. PR Events of up to and including Prix St-Georges level may be run as national Events. They must, however, be reported to the FEI by the organising National Federation (NF). The Ground Jury for these Events must contain at least one (1) FEI Judge.

Note*: PR Events may also be organised in Europe and North America on the condition that only countries from outside Western Europe and North America are invited.

3. National Events (CDN) Refer to General Regulations Article 101.1, 2 and 3.

This rule does not apply to foreign Athletes (Athletes Living Outside His Country of Nationality as defined in the GRs) who are domiciled for part of the year in the host country and hold a guest licence with the host NF.

4. CDI-Ws. Events, where a FEI World Cup™ Competition is held are indicated by the addition of the letter "W". Also refer to the FEI World Cup™ Rules for Dressage.
5. In CDI / CDI-W /CDIU25 /CDIY /CDIJ /CDIP / CDI-Ch no unofficial team Competitions are allowed. For official team Competitions, refer to CDIOs.
6. CDIOs
 - 6.1. Eligibility of Athletes:
 - 6.1.1. In principle CDIOs are open to Athletes from an unlimited number of foreign nations (see also GRs).
 - 6.1.2. In order for a CDIO to receive its status, at least six (6) teams, including host NF, must be invited (one -1- team per NF) and at least three (3) teams must have participated.
 - 6.2. Priority. CDIO2* to 5* take precedence over all CDI Events in accordance with the GRs. CDI-Ws take precedence over CDI Events.
 - 6.3. Team Competitions:

- 6.3.1. To qualify as a team Competition, an official Team Competition must be scheduled. The teams must consist of a maximum of four (4) and of a minimum of three (3) Athletes of the same nationality. No reserve combinations are allowed.
7. FEI Championships. See Chapter V of the Dressage Rules.
8. Regional Games. The Rules for these Events must be approved by the General Assembly of the FEI.
9. Olympic Games. See Regulations for the Equestrian Events at the Olympic Games.

ARTICLE 421 TESTS

Each Competition has its own test. The Official Dressage tests are published on the authority of the FEI and can in no case be modified or simplified without the approval of the FEI. These tests are as follows:

1. Tests for Young Horses:
 - 1.1. Tests for four (4) year-old Horses (only for use at National Events).
 - 1.2. Tests for five (5) year-old Horses.
 - 1.3. Tests for six (6) year-old Horses.
2. Prix St. Georges - Test of medium standard

This test represents the medium stage of training. It includes exercises to show the Horse's submission to all the demands of the execution of classical equitation and a standard of physical and mental balance and development which will enable it to carry the exercises out with harmony, lightness and ease.

3. Intermediate I - Test of advanced medium standard

The object of this test is to lead Horses on, progressively and without harm to their mind and body, from the correct execution of Prix St Georges to the more demanding exercises of the Intermediate Competition Number II.

4. Intermediate A
5. Intermediate B
6. Intermediate II - Test of advanced standard

The object of this test is to prepare the Horses for the Grand Prix.

7. Grand Prix – Test of the highest standard

The Grand Prix is a Competition of the highest level, which brings out the Horse's perfect lightness, characterised by the total absence of resistance and the complete development of collection and impulsion, which includes all the school paces and all the fundamental movements.

8. Grand Prix Special - Test of the same standard as Grand Prix

This is a Competition of the same level as Grand Prix, where especially the transitions are a matter of great importance.

9. The Freestyle Test

This is a Competition of artistic equitation to music at Young Riders, Junior, Pony Riders, Intermediate I or Grand Prix level. It includes all the school paces and the fundamental movements as in the test of the same level. The Athlete is, however, absolutely free in the form and manner of the presentation he chooses within a fixed time in accordance with the technical freestyle rules. The test should clearly show the unity between Athlete and Horse as well as harmony in all the movements and transitions.

10. Other Tests. No tests other than the Official FEI Dressage tests may be used at FEI Dressage Events.

The Official Dressage tests for Young Riders, Juniors, Pony Riders and Children are given in the specific Regulations and published by the FEI. Any of these tests may only be used for Senior Competitions on prior approval by the FEI. Conditions for participation are as specified under Article 422 of the Dressage Rules. The same applies for the FEI World Dressage Challenge Tests.

ARTICLE 422 CONDITIONS OF PARTICIPATION

1. Definitions:

1.1 Athletes. International Senior Dressage Events are open to Athletes from the calendar year in which they reach their 16th birthday.

1.2 Para-Equestrian Athletes. Para-Equestrian Athletes are allowed to compete in FEI Dressage Competitions using compensatory aids in accordance with their respective degree of disability as defined by the FEI Para-Equestrian ID Card.

1.3 Separate Competitions for men and women are not allowed.

1.4 Horses of any origin may take part in International Dressage Events provided they are a minimum of six (6) years of age. Junior tests: minimum six (6) years; Young Riders/Prix St. Georges/Intermediate I: minimum seven (7) years; tests above Intermediate I: minimum eight (8) years. Horses at all levels must have a height at the withers exceeding one meter and forty eight centimetre (1.48 m) without shoes, with the exception of Children's events (CDI-Ch) where Ponies are allowed. See also specific Competitions/Events for five (5) and six (6) year old young Horses.

The age of Horses is counted from 1st January of the year of birth (1st August for Southern Hemisphere). The calculation of the age of Horses depends on the hemisphere where the Horse was born. The country of birth is used to determine the age of the Horse. If the country of birth is not known, then the formula for the northern hemisphere will be used.

A = Age (in Years)
C = Current Year
B = Year of Birth

In the northern hemisphere the age of the Horse is calculated as follows (standard determination of the age):

$$A = C - B$$

In the southern hemisphere the age changes 01 August (instead of 01 January) and is calculated as follows:

Dressage		Current Date	
		Before 31 July	After 01 Aug
Born	Before 31 July	$A = C - B$	$A = C - B + 1$

	After 01 Aug	A = C - B - 1	A = C - B
--	--------------	---------------	-----------

Horses may only take part in one (1) Competition per day at International Dressage Events and may not start in a National Dressage Competition/Event from the start time of the Horse inspection until the day after completing their last international Competition at the same Event.

2. Levels of Competition:

2.1. Prix St. Georges. This Competition is open to all Horses, except those which, prior to the date of nominated entries, have been placed in the first fifteen (15) in a Grand Prix at a CDIO, FEI Championships, in Olympic Games or which have won three first prizes in an Intermediate II and above at a CDI3*/CDI4*/CDI5* or CDIO.

This rule does not apply if a Horse is subsequently acquired by another Athlete.

2.2. Intermediate I. This Competition is open to all Horses, except those which, prior to the date of Nominated Entries have been placed in the first fifteen (15) in a Grand Prix at a CDIO, FEI Championships, in Olympic Games or which have won three first prizes in an Intermediate II and above at a CDI3*/CDI4*/CDI5* or CDIO.

This rule does not apply if a Horse is subsequently acquired by another Athlete.

2.3. Intermediate I Freestyle. This Competition is limited to a maximum of the fifteen (15) best Athlete/Horse combinations who qualified in the Prix St Georges or Intermediate I Competition. Athletes may start one (1) Horse. It is the discretion of the OC to make the Freestyle mandatory or not. This must be stated in the schedule.

2.4. Intermediate II. This Competition is open to all Horses.

2.5. Grand Prix. This Competition is open to all Horses.

2.6. Grand Prix Special. A Grand Prix Special can only be scheduled after a Grand Prix Competition. In a CDI 3* and above, the Grand Prix Special must be scheduled to be open to the six (6) (minimum) to fifteen (15) (maximum including ties for 15th place) best Athlete/Horse combinations who declared and qualified in the Grand Prix Competition. If fewer than six (6) combinations are qualified they may all start. If there are thirty (30) or more combinations in the qualifying Grand Prix, the OC is obliged to have a minimum of fifteen (15) starters in the Grand Prix Special. Athletes who declare their intention to qualify for the Grand Prix Special are obliged to compete if qualified. Athletes may start one (1) Horse only. For CDIOs, FEI Championships and Olympic Games, see Articles 449 and 456 of the Dressage Rules. For Athlete/Horse combinations qualified, it is mandatory to participate. In cases of legitimate cancellation due to illness, etc. the next Athlete/Horse combination will be invited to move up from the Grand Prix.

2.7. Grand Prix Freestyle. A Grand Prix Freestyle Test can only be scheduled after a Grand Prix Competition. At CDI-Ws a Grand Prix Freestyle Test is obligatory. The Grand Prix Freestyle shall be open to the six (6) (minimum) best Athlete/Horse combinations who qualified in the Grand Prix Competition. If fewer than six (6) combinations are qualified they may all start. If there are thirty (30) or more combinations in the qualifying Grand Prix, the OC is obliged to have a minimum of fifteen (15) starters in the Grand Prix Freestyle. Athletes who declare their intention to qualify for the Grand Prix Freestyle are obliged to compete if qualified. Athletes may start one (1) Horse only. For CDIOs and FEI Championships as well as Olympic Games, see Articles 449 and 456 of the Dressage Rules. For Athlete/Horse combinations qualified, it is mandatory to participate. In cases of legitimate cancellation due to illness or other unforeseen circumstances, the next Athlete/Horse combination will move up from the Grand Prix. An Athlete that does not participate without legitimate reasons will lose their placing and prize money from the competition(s) before.

2.8. Consolation Competition. Horses not qualified for the Grand Prix Special or the Grand Prix Freestyle Test and Horses whose Athletes had opted for the Grand Prix Consolation beforehand may start in a Consolation Competition (Intermediate II or Grand Prix if scheduled). Consolation Competitions if scheduled will however never grant ranking points for the FEI World Dressage Ranking List or any qualification points for FEI Championships or Olympic Games and the prize money must be of lower level than the WDRL qualifying Competitions. A Consolation Competition must be judged by three (3) Judges only and must be clearly marked in the schedule and result lists.

3. Competition Protocols:

3.1. Qualification score for all Freestyle tests and Grand Prix Special.

A Horse must earn a minimum score of sixty percent (60%) in the qualifying Competition, in order to be eligible to start in a Freestyle of all levels or a Grand Prix Special Competition.

3.2. Number of Horses per Athlete per Competition. At all CDI Events, the number of Horses each Athlete may ride in each Competition, except for Freestyle tests and the Grand Prix Special in which each Athlete may ride only one (1) Horse, is left to the discretion of the OC.

This rule is applicable also for CDI Os, with the exception of the Grand Prix, in which each Athlete may ride only one (1) Horse (see also Article 448 of the Dressage Rules.).

Under special circumstances, in CDIs where there are fewer than fifteen (15) Athlete/Horse combinations entered and starting in the qualifying Grand Prix, OCs may request special permission from the FEI to allow Athletes with two (2) Horses in the Grand Prix to go forward to the Grand Prix Freestyle. If permission is granted, both Horses will receive WDRL points. The same conditions apply for the Grand Prix Special.

However, when the OC in the schedule for the Event in some Competitions allows the Athletes to ride more than one (1) Horse, it is advisable to make a provision that this permission may be withdrawn if too many nominated entries are sent in later on, before the closing date.

3.3. Opting. If at an CDI3* and above, both a Grand Prix Special and a Grand Prix level Freestyle are scheduled after the Grand Prix, the Athletes must state, at the latest at the date of definite entry for which of the two (2) Competitions they wish to qualify. Athletes may give a 1st and 2nd choice if the OC so allows (i.e. Athlete will opt for Grand Prix Freestyle as 1st choice and Grand Prix Special as 2nd choice. Following conclusion of Competition the Freestyle is oversubscribed and the Athlete may then start in the Grand Prix special instead). Participation is, however, only possible in one (1) of the Competitions with the same Horse, and their original choice of Competition cannot be changed if there is space in that Competition. If a GP Consolation is scheduled, the Athlete may opt to go from the Grand Prix to the GP Consolation.

3.4. Spreading of Competition over two (2) days. If the number of Athletes in a Competition exceeds approximately forty (40), the OC must spread this Competition over two (2) days or divide the Competition into two (2) separate Competitions.

Any eventual alteration of the foreseen time-table should be made in agreement with FEI.

3.5. Selection of Competitions. At any Event, the same Athlete/Horse combination can, however, only take part in Competitions of the same level, as defined below

- 3.6. Schooling of Horses. On no account, and under penalty of disqualification, may any Horse take part in a CDI/CDIO which has been schooled by anyone other than the Athlete mounted in the saddle twenty four (24) hours before the planned Horse inspection as well as for the duration of the whole Event. For Championships and Games the Horse may not have been schooled by anyone other than the Athlete after arrival at the Venue. This means, for instance, that a groom mounted in the saddle may walk the Horse on a long, safe rein and that lunging and verbal assistance from the ground from the trainer or his representative is permitted. An exception to this rule may only be granted under extraordinary circumstances in writing by the FEI or the President of the Ground Jury.

For use of whips, refer to Article 428 of the Dressage Rules. Under no circumstances is it permitted to school the Horses in other areas than the official training arenas. No schooling is permitted in any area which cannot be supervised by the Stewards.

Horses may not leave the stables, the Competition area, or the areas supervised by Stewards for any purpose unless authorised by a recognised FEI Official of the Event or a Veterinarian acting in the interest of the health and welfare of the Horse.

- 3.7. Certificates of Capability. For the Olympic Games and for FEI World and European Championships, a confirmation of capability for each Athlete/Horse combination is required from NFs for all entered combinations based on results at CDI3*/CDI4*/CDI5* and CDIOs. Qualification standards will be established from case to case for all FEI World and European Championships and Olympic Games and shall be published separately by the FEI. Such standards, when published, shall thereby be regarded as being part of the Dressage Rules.

Each Horse will be started by each Athlete, first by its own Athlete, then by the other Athletes by draw. This class will not count for the World Ranking list.

ARTICLE 423

INVITATIONS, ENTRIES AND SUBSTITUTIONS

Invitations

Must be extended through the respective NF. For CDI 3*/CDI4*/CDI5* at least six (6) countries, including the host NF, plus three (3) reserve countries, with a minimum of two (2) Athletes each must be invited and accepted **or** twelve (12) countries with a minimum of one (1) Athlete each.

In each case an OC may never invite more home Athletes than foreign Athletes. The NFs concerned will make the final choice of the Athletes sent to an Event.

The draft schedule must include a list of the six (6) or more NFs invited to the Event plus reserve NFs, number of Athletes invited per NF and must be sent to the FEI at least sixteen (16) weeks before the date of the Event.

Personal Invitations / Wild Cards for CDI3*/CDI4*/CDI5*/CDI-Ws only

1. For all CDI3*/CDI4*/CDI5*/CDI-Ws the OC has a right to personally invite two (2) extra Athletes through their respective NF in addition to what is stated above.
2. For all CDI4*/CDI5*/CDI-Ws the FEI has the right to extend one (1) Wild Card entry in addition to invited NFs and Athletes.

3. For all CDI3* Events the FEI has the right to extend up to three (3) Wild Card entries for Athletes from developing NFs and to Athletes from NF not having received invitations but requiring Minimum Eligibility Standard scores for FEI Championships within a specific time limit.

OC Invitations and OC Wild Cards. These invitations (foreign and/or home Athletes) must be under the same conditions as for other participants and must in no way be directly or indirectly in connection with financial contribution. Pay Cards and Appearance fees are strictly prohibited as set forth in the GRs.

FEI Wild Cards. Application for a FEI Wild Card should be made to the FEI Dressage Department through the Athlete's home NF, before the date closure of nominated entries.

Entries

1. Entries for Events up to and including CDIO must be made as follows (refer to GRs):
 - Entries in principle. Entry in principle is a statement of intention.
 - Nominated Entries. (optional except for FEI Championships and Games). These entries must not exceed twice the number of Athletes' names as indicated on the definite entries.
 - Definite Entries. These entries consist of names of Athletes and Horses that will take part at the Event and must be received by the OC at the dates mentioned in the schedule.
2. Athletes who withdraw after the date of definite entry or are no-shows, will be liable to reimburse the OC for the financial loss incurred by the OC (i.e. stabling and hotel expenses) as a result of this. In the absence of a satisfactory explanation, NFs having made entries for Athletes who do not show at the Event may be fined by the FEI. In such case, the OC has the right to charge all actual costs relating to the "no-shows" to the responsible NF.

Substitutions

Following receipt of definite entries, substitution of Horse(s) and Athlete(s) from the Nominated list, may be made with the agreement of the OC. The OC must print in the schedule the latest date for substitution of Horse(s) and Athlete(s), which may never be later than two (2) hours before the Horse inspection.

ARTICLE 424

DECLARATION OF STARTERS

Except where it is stated otherwise for CDIOs, Regional and Olympic Games, the following rules apply:

1. Declaration of starters should be done no later than two (2) hours before the draw. The exact time of the draw should be published in the schedule.
2. In the event of an accident or illness of a Athlete and/or Horse declared as starter, this Athlete and/or Horse may, up to two (2) hours before the start of the Competition and on production of a certificate from the doctor and/or the FEI Veterinary Delegate, after approval of the Ground Jury, be replaced by another Athlete and/or another Horse formally entered and, where required, who are also qualified. The Athlete or Horse withdrawn may not then start either as a member of a team or as an individual.

The replacement Athlete shall start first in the Competition and the rest of the starting times shall be adjusted accordingly for the other Athletes.

For CDIOs and the final Individual Grand Prix Freestyle Competition where four (4) Athletes have qualified for one (1) NF and only three (3) Athletes may participate, in cases of certified

illness of one (1) of the qualified Athletes/Horses, the 4th Athlete will replace one (1) of the qualified Athletes from the same NF.

ARTICLE 425 DRAW FOR THE STARTING ORDER

1. There must be a separate draw for each Competition. The draw shall be made in the presence of the President and/or Foreign Judge of the Ground Jury, the Technical Delegate and the Chefs d'Equipe or Persons Responsible and Foreign Athlete.
2. Individual Competitions. The draw for the starting order in individual Competitions should be made regardless of nationality. Should an Athlete have more than one (1) Horse, the order of starting may have to be adjusted to ensure that a gap of at least one (1) hour is left between his Horses. If the number of participant is so small that this gap cannot be obtained, the Athlete may decide in which sequence to start his Horses.

- 2.1. CDI: For the Grand Prix Competition, the OC may choose to conduct

a) An ordinary draw; or,

b) A draw in groups of five (5) conducted in reverse order of the World Dressage Ranking List. (Not listed Athletes to be drawn first).

The type of draw used by the OC must be stated in the schedule. If a judges exam takes place during the Competition a) an ordinary draw must be used.

- 2.2. CDI-W: The draw for the Grand Prix shall be conducted in reverse order of the World Dressage Ranking List, in groups of five (5). If numbers are not evenly divided by five (5), the first group shall be the smallest group i.e. for twenty three (23) Athletes Group one (1)= three (3) Athletes, group two (2)=five (5), group three (3)=five (5), group four (4)=five (5) and group five (5)=five (5). Athletes holding the same placing in the WDRL shall be drawn within the same group and groups must be adapted accordingly.

3. CDIO and FEI Championships. The draw for the order of starting in team Competitions including both team and individual Athletes will be conducted in the following manner:

- 3.1. The Chef d'Equipe of each team will determine the starting order of team members within his team. The Chef d'Equipe must deliver to the Event Director, at the latest one (1) hour before the draw, a sealed envelope containing the order of go of the Athletes within his team.

For teams of three (3) Athletes only, the first starting position shall remain vacant.

- 3.2. The names of the individual Athletes are placed in a receptacle (A). Numbers equivalent to all starters are placed in a second receptacle (B).

An individual Athlete's name is drawn from receptacle A and a starting place for that individual is drawn from receptacle B. A second individual's name is drawn from receptacle A and a starting place for that individual and so on for all individuals.

When the Competition is held over two (2) days the individual starters shall be drawn in the reverse order of the World Dressage Ranking list and in two (2) groups the highest placed Athletes drawn on the second day. When the Competition is held in one (1) day the starting field will be divided in two (2) groups and the highest placed Athletes on the world ranking list will be drawn last.

- 3.3. Numbers equivalent to the starting number of teams are placed in a receptacle (C) and placed in another are the names of nationalities of competing teams (D). Then a draw is made for the name of a team, which will be followed by a draw for a number, giving a team its starting order. This continues until the order of the last team is drawn.

- 3.4. The starting list is made out with the individual Athletes placed in the positions they have drawn. The team Athletes are then inserted in sequence in the remaining places.
- 3.5. The draw for the individual Competitions at CDI Os and FEI Championships shall be conducted in the following manner:

Grand Prix Special: In reverse order of result from the Grand Prix, in groups of five (5).

Grand Prix Freestyle: In reverse order from result from Grand Prix Special, in groups of five (5).

4. Grand Prix Special.

At all CDI3*/CDI4*/CDI5* Events there will be a draw in groups of five (5) for the order of starting in the Grand Prix Special. A draw first within the group of Athletes placed 11th to 15th and then within the group of Athletes placed 6th to 10th and last the group of Athletes placed 1st to 5th. i.e. the five (5) best Athlete/Horse combinations will start last.

5. Freestyle Tests

At all CDI events there will be a draw in groups of five (5) for the starting order in the Freestyle. A draw first within the group of Athletes placed 11th to 15th and then within the group of Athletes placed 6th to 10th and last the group of Athletes placed 1st to 5th. i.e. the five (5) best Athlete/Horse combinations will start last.

For the Intermediate I Freestyle; in case the qualification is made both from Prix St Georges and Intermediate I, the Athlete/Horse combinations qualified from Prix St Georges shall be drawn before Athletes qualified from the Intermediate I, in groups of five (5).

6. Borrowed Horses. Refer to for Competitions on Borrowed Horses.

7. Regional Games. For the team test, the usual draw according to Article 425.3 of these Rules apply. For the individual Competition there will be a draw in groups of five (5). Groups of Athletes placed 11-15 to start first.

8. The starting order for all Competitions for which Athletes have had to qualify by competing in an earlier competition(s), shall be determined by way of a draw in groups of five (5). The draw must be stipulated in the Schedule. In case of ties within one (1) starting group the combinations that are tied shall be drawn in the same group and numbers adjusted accordingly.

9. If the schedule permits the Athlete to start two (2) or more Horses in the Grand Prix, the OC has to define in the schedule which Horse goes forward to the Grand Prix Special and to the Grand Prix Freestyle if both qualify.

ARTICLE 426 ATHLETE WEIGHT

No limit/restrictions.

ARTICLE 427 DRESS

1. **Protective Headgear and top hat/bowler:**

As a general rule Protective Headgear* has to be worn by all Athletes (as well as any other person) at all times when mounted and is recommended to be worn by the person presenting the Horse in a Horse Inspection.

Any Athlete (as well as any other person) violating this provision must immediately be prohibited from further riding until the Protective Headgear is properly in place.

The following exception applies: Athletes who are 18 years and older** and who are riding Horses that are seven (7) years and older may wear a top hat/bowler instead of Protective Headgear. However, this exception is limited to the actual Competition and the warming-up directly prior to the Competition (with no break before the Competition), which includes riding between the stable and the warm-up area, riding of the competing Horse in the warm-up area, and riding back to the stable. The Athletes are allowed to remove the hat/bowler (not protective headgear) for saluting at the beginning and at the end of the test and during the prize giving, both while receiving the prizes and during the lap of honour.

It is however recommended that Athletes falling under this exception nonetheless wear Protective Headgear at all times for their own safety.

A Protective headgear formed as a top hat may be used in the same situations as a standard top hat.

Note*: Protective Headgear is defined in Appendix A in the GRs.

Note **: An Athlete is considered to be eighteen (18) years old from the beginning of the calendar year (1st of January) in which he reaches the age of eighteen (18).

2. **Civilians.** The following is compulsory at all CDI3*/CDI4*/CDI5*/CDI-W and CDIOs, FEI Championships, Regional and Olympic Games: a black or dark blue tail coat or other dark colours may be worn within in the international HSV colour scale. Colours having a value for "V" smaller than thirty two percent (32%) according to the HSV model may be approved through application to the FEI. Contrast colouring and piping is allowed.

Protective Headgear or top hat/bowler**:	black or may be same colour as coat
Breeches:	white or off white
Stock or tie:	white, off white or same colour as coat
Gloves:	white, off white or same colour as coat
Riding boots:	black or same colour as coat
Spurs:	see paragraph 4 below.

For Grand Prix Freestyle only, any single colour tailcoat will be allowed. Striped or multi-coloured coats are not permitted. Tasteful and discreet accents, such as a collar of a different hue or modest piping or crystal decorations, are acceptable.

At all CDI1*/CDI2*, a black or dark blue jacket (colours see above) with a top hat/bowler** is also permitted. This dress is also desirable for all other international Dressage Events, unless otherwise stated in any special rules (CDIY, CDIJ, CDIP, CDI-Ch).

Note**: Top hat or bowler hat is only permitted for athletes that are not obliged to wear protective headgear as defined in Art. 427.1.

3. **Military, Police, etc.** may wear civil or service dress at all international Events. Service dress does not only apply to Members of the Armed Forces and Police, but also to members and employees/students of other State/Military Establishments and National Studs/schools/institutes. They must comply with all Protective Headgear requirements.
4. **Spurs** are compulsory except for CDIP and CDI-Ch Events and must be made of metal. The shank must be either curved or straight pointing directly back from the centre of the spur when on the Athlete's boot. The arms of the spur must be smooth and blunt. If rowels are used, they must be blunt/smooth (no sharp edges) and free to rotate. Metal spurs with round hard plastic knobs are allowed ("Impuls" spur). "Dummy" spurs with no shank are also allowed.
5. **Earphones** and/or other electronic communication devices are strictly prohibited at FEI Dressage Competitions whilst competing, and such usage is penalised by elimination. Earphones or similar devices are however permitted during training and warm-up.

ARTICLE 428

SADDLERY

1. The following are compulsory: Dressage saddle, which must be close to the Horse and have long, near-vertical flaps, double bridle with cavesson noseband, i.e. bridoon and curb with curb chain. A cavesson nose band may never be as tightly fixed so as to harm the Horse. Lip strap and rubber or leather cover for curb chain is optional (see plates and captions). Padding is allowed on bridles. No saddle covers are allowed.
2. **Bits.** Bridoon and curb must be made of metal or rigid plastic and may be covered with rubber/latex. The lever arm of the curb bit is limited to ten centimetres (10 cm) (length below the mouth piece). The upper cheek must not be longer than the lower cheek. If the curb has a sliding mouthpiece, the lever arm of the curb bit below the mouth piece should not measure more than ten centimetres (10 cm) when the mouth piece is at the uppermost position. Curb "chain" can be made of metal, leather or rubber. The diameter of the mouthpiece of the bridoon and/or curb must be such so as not to hurt the Horse. Minimum diameter of mouthpiece to be twelve millimetres (12 mm) for curb bit and ten millimetres (10 mm) for bridoon bit. Snaffles are permitted as marked on the test sheets. Snaffles used in Young Horse Competitions must have a minimum diameter of fourteen millimetres (14 mm). For Ponies the minimum diameter shall be ten millimetres (10 mm). The diameter of the mouthpiece is measured adjacent to the rings or the cheeks of the mouthpiece.
3. **Whips.** At all international Events, it is forbidden to carry a whip of any kind while competing in the arena. However, the use of one (1) whip, with a total maximum length of one meter and twenty (1.20 m) (pony Competitions maximum one meter -1 m-), in the practice area is allowed. The whip must be dropped before entering the space around the Competition arena or the Athlete will be penalized. See Article 430 of the Dressage Rules.

Upon arrival on the showground, only the Athlete when riding, walking in hand, leading or lungeing a Horse (lunge whip allowed), is allowed to carry a whip (maximum one meter and twenty -1.20 m-/ponies maximum one --1 m-) anywhere on the showground. The groom may also walk, lead and lunge a Horse as above. Other parties are allowed to carry a whip, provided it is not in connection with the training of the Horse.

4. **Gadgets.** Martingales, breast plates, bit guards, any kind of gadgets (such as bearing, side, running or balancing reins, nasal strips etc.), any kind of boots or bandages and any form of blinkers, including ear muffs and any others, are, under penalty of elimination, strictly forbidden. Notwithstanding the above, noise cancelling ear muffs are allowed at prize-giving ceremonies.
5. **Decorations.** Any decoration of the Horse with extravagant items, such as ribbons or flowers, etc. in the tail, etc., is strictly forbidden. Normal plaiting of the Horse's mane and tail, however, is allowed.
6. **False tails/tail extensions** are permitted only with the prior permission of the FEI. Requests for such permission should be directed to the FEI Dressage department accompanied by photographs and a veterinary certificate. False tails may not contain any metal parts, except for hooks and eyelets.
- 7.1. **Protective fly hoods** are permitted for outdoor Events, in a thin material. However, these will be systematically checked by Stewards at the end of the test to ensure that nothing prohibited has been added to (for example special material) or is covered by the fly hoods, to protect from sound. The fly hoods should be discreet and should not cover the Horses' eyes.
- 7.2. **Earplugs** on Horses are allowed at prize-givings only.
8. **Checking of Saddlery.** A Steward must be appointed to check the saddlery of each Horse immediately after it leaves the arena. Any discrepancy will be reported to the Judge at C and result in immediate Elimination if confirmed. The checking of the bridle must be done with

the greatest caution, as some Horses are very touchy and sensitive about their mouths (see FEI Steward's Manual).

The Steward must use disposable surgical/protective gloves when checking the bridle (one - 1- pair of gloves per Horse).

9. **Warming-up and training areas.** Paragraphs 1 to 4 above are valid also for warming-up arenas and other training areas where, however, snaffles with a cavesson or a normal dropped noseband, Mexican noseband or a Flash noseband, boots, bandages are allowed.

Lungeing cavessons, single direct side reins or double sliding side reins (triangle/dreieck zügel) are permitted when lungeing. Lungeing is allowed with one (1) lunge line only.

10. **Identification number.** Each Horse keeps the same identification number provided by the OC on arrival throughout the Event. It is compulsory that this number be worn by the Horse while actively competing and at any time while working in the exercise and schooling areas or being hand walked (from the time of their arrival until the end of the Event) so that they can be identified by all Officials including the Stewards. Failure to display this number incurs first a warning and, in the case of a repeated offence, a fine imposed on the Athlete by the Ground Jury.

ARTICLE 429 ARENA AND EXERCISE AREAS (FOR DIAGRAM SEE ANNEX ARENA)

- 1.1. **Approval.** At Olympic Games, Regional Games, and FEI Championships the Competition arena has to be checked and approved by the Technical Delegate. The appointed Foreign Athlete will be consulted during that process.
- 1.2. At all other International Events, the Competition arena has to be checked and approved by the Foreign Judge or the President of the Ground Jury. The appointed Foreign Athlete will be consulted during that process.

The Foreign Athlete is defined as the OC designated Athlete at International Events

2. **Arena Specifications.** The arena, flat and level, must be sixty meters (60 m) long and twenty meters (20 m) wide. The difference in elevation across the diagonal or along the length of the arena shall in no case exceed sixty centimetres (60 cm). The difference in elevation along the short side of the arena shall in no case be more than twenty centimetres (20 cm). The arena must be predominantly of sand. The measurements above are for the interior of the enclosure, which must be separated from the public by a distance of not less than ten meters (10 m). Exception from this can be granted by the FEI. If the Competition is held indoors, the arena should, in principle, be a minimum distance of two meters (2 m) from the wall. The enclosure itself must consist of a low white fence (rails which must not be solid), about thirty centimetres (30 cm) high. The part of the fence at A should be easy to remove, to let the Athletes in and out of the arena. The width of the entrance must be at least two metres (2 m). The rails of the fence should be such as to prevent the Horse's hoofs from being caught. The rails may not contain any metal components.
3. **Publicity on Dressage Fence and Judges' Huts/Tables.** The FEI owns the sole right to publicity on the Dressage arena fence for all FEI Championships and FEI named Series. For these Events, the OCs may acquire publicity space from the FEI only by previous agreement, except for on the Dressage letters and their holders, where publicity is never allowed.

For all other International Events, OCs are highly encouraged to keep the Dressage arena fence free of publicity and to use extra publicity boards instead as per separately published recommendations from the FEI.

Publicity may only be on the inside of the fence, in black only and must, with the exception of A, leave at least one meter fifty (1.50 m) free of publicity on either side of the arena letters. The short side at M C H must be completely free of publicity. There must be at least three meters (3 m) free of advertising on either side of B and E. A maximum of forty four meters (44 m) of publicity on the rails is accordingly permitted. The publicity must be positioned in a regular manner and each long side should reflect the other exactly.

The height of the sponsor brand/logo must not exceed twenty centimetres (20 cm) and the publicity must be fixed level with the top of the Dressage arena fence. Publicity may only be placed on the inside of the arena fence and never on the outside and any requirements in terms of agreements between the FEI and television broadcasters as may be in force, must be respected.

Any publicity applied on the fence or Judges' huts/tables must previously be approved also by the Foreign Judge or Foreign Technical Delegate before the start of the Competition.

In accordance with the above stated positioning of publicity, it is always permissible to place the name and/or logo of the FEI approved Event on the Dressage fence following approval of the FEI/Foreign Judge/Technical Delegate before the Competitions.

For example: CDIO Aachen/CDI5* Cannes/CDI-W London.

OCs who violate these rules on will be fined by the FEI as appropriate under these Rules and the GRs and/or may lose the CDI status of their Event.

4. **Letters.** The letters outside the enclosure should be placed about fifty centimetres (50 cm) from the fence and clearly marked. It is compulsory to place a marker on the fence itself, level with and in addition to the letter concerned. Publicity is not allowed on letters or on letter holders. Letters should also be visible for the public.
5. **Placing of Judges.** Three (3) Judges must be placed along the short side, on the outside of and a maximum of five meters (5 m), minimum of three meters (3 m) from the arena at outdoor Competitions and preferably a minimum of two meters (2 m) at indoor Competitions; the Judge at C on the prolongation of the centre line, the two (2) others (M and H) two meters fifty (2.50 m) from and on the inside of the prolongation of the long sides. The two (2) Side-Judges (B and E) must be placed on the outside of and a maximum of five meters (5 m), minimum three meters (3 m) from the arena at B and E respectively; at indoor Competitions preferably a minimum of two meters (2 m). When three (3) Judges are used one (1) should sit on the long side. See Article 437 of the Dressage Rules. When seven (7) Judges are used, the two (2) additional Judges will sit at the opposite short side of the Judge at C, five meters (5 m) from and on the inside of the prolongation of the long sides. Exceptions from this may only be approved by the FEI.
6. **Judges' hut.** A separate hut or platform must be provided for each Judge. It must be raised not less than fifty centimetres (50 cm) (for Freestyle Tests possibly a little higher) above the ground, in order to give the Judges a good view of the arena. The booth/hut must be large enough to accommodate four (4) persons. Judges' huts should provide good views of the entire arena.
7. **Pause.** It is necessary to pause for about ten (10) minutes after every six (6) to ten (10) Athletes, to reconstitute the surface of the ground.

A pause or break during a Dressage Competition may never exceed more than two (2) hours (lunch, etc.) and must not be interrupted by another Competition.

However, if the number of Athletes in a Competition exceeds approximately forty (40) the OC must spread this Competition over two (2) days.

8. **Entering the arena.** For Competitions where it is not practical for the Athletes to ride their Horses around the outside of the arena prior to entering the arena, Athletes are permitted to enter the arena before the bell is sounded. After the bell has sounded, the Athlete starts the test from within the arena.

For Competitions where it is possible to ride a Horse around the outside of the arena, the Athlete is allowed to enter the space around the arena before the bell is sounded but may only enter the arena after the bell has been sounded.

The Judge at C is responsible for bell and clock/time.

9. **Training in arena.** On no account and under penalty of disqualification, may an Athlete/Horse use the Competition arena at any time other than during his performance in a Competition or when at the discretion of the OC the main arena is open for training (see below). Any exceptions must be approved by the Technical Delegate or the President of the Ground Jury.
10. **Practice Arena.** At least one (1) practice arena of sixty meters (60 m) by twenty meters (20 m) must be placed at the disposal of the Athletes preferably a minimum of two (2) days before the first Competition of the Event. If possible this arena should be of the same consistency as the Competition arena footing.

Where it is not practically feasible to provide a practice arena of sixty (60) metres by twenty (20) metres, the Athletes must be permitted to exercise their Horses in the Competition arena. A fixed time schedule setting out the times during which the Competition arena may be used for training purposes should be clearly set out in the schedule. If training is

permitted in the Competition arena, it is recommended that the set-up of the final warm-up in the Competition arena is as similar as possible to the final Competition set-up.

The "Ten (10) Minutes Arena" is the last practice arena before entering the Competition arena. A ten (10) Minutes Arena is obligatory for Olympic Games and FEI Championships and recommended for all other CDIs/CDIOs.

- 10.1. The last training arena must have the same footing as the main arena.
- 10.2. The Athlete may enter the arena following the departure of the Athlete who enters the main arena. There may never be more than one (1) Athlete in the ten (10) minutes arena, unless otherwise decided by TD/FJ.
- 10.3. It is not obligatory for a Athlete to use the ten (10) minutes arena.
- 10.4. A steward must be present at all times to supervise all training/warm-up from the official opening time of the stables.
- 10.5. Adjusting of saddlery is allowed and normal caring for the Horse is allowed.
11. **Interruption.** In case of any technical failure that will interfere with the Competition, the Judge at C shall ring the bell. It is recommended that in clear cases of external disturbance, the same procedure is applied. During extreme weather conditions or other extreme situations the Judge at C may ring the bell for interruption of the test. The Technical Delegate/OC may also suggest to the Judge at C to stop the Competition. The affected Athlete should return to complete his test when conditions so permit.

In the case of a Athlete's music failing during a Freestyle Test and in cases where there is no back-up system, the Athlete can, with the permission of the Judge at C, leave the arena. There should be minimum interference with the starting times of the other Athletes. The affected Athlete should return to complete or restart his test during a scheduled break in the Competition or at the end of the Competition. The Judge at C, after conferring with the Athlete, will determine when the Athlete should return to the arena. It is up to the Athlete whether to restart the test from the beginning or to commence from the point where the music failed. In either case, the marks already given will not be changed.

If there are foreign objects in the arena which could have an influence on performance, the test has to be stopped and the Athlete can continue once the object has been removed.

If an Athlete has to restart an ordinary test, he can choose to start from the beginning of the test or from where stopped. Any scores given before the interruption remain.

ARTICLE 430 EXECUTION OF THE TESTS

The Official FEI tests must be carried out entirely from memory, and all movements must follow in the order set forth in the test.

1. **Sound of bell.** After the sound of the bell, the Athlete must enter the arena at A within forty five (45) seconds. In the Freestyle, the Athlete has forty five (45) seconds to signal to start the music and must enter the arena within twenty (20) seconds of the music starting.

During Freestyle tests, in case of technical failure or delay in start of the music, the Judge at C can interrupt the count and re-continue after the problem has been resolved. The Judge at C is responsible for the bell and clock/time. A clock showing forty five (45) seconds, should be used whenever possible, and should always be clearly visible for the Athlete.

In the event that the Horse starts to defecate or urinate, the clock will be stopped until the Horse is ready to continue at which point the clock will be restarted.

2. **Salute.** Athletes must take the reins in one (1) hand at the salute. Athletes with top hat/bowler have the choice to take the hat off or just nod.
3. **Error of course.** When an Athlete makes an "error of course" (takes the wrong turn, omits a movement, etc.) the Judge at C warns him, by sounding the bell. The Judge at C shows him, if necessary, the point at which he must take up the test again and the next movement to be executed, then leaves him to continue by himself. However, in some cases when, although the Athlete makes an "error of course", the sounding of the bell would unnecessarily impede the fluency of the performance - for instance if the Athlete makes a transition from medium trot to collected walk at V instead of at K, or, cantering up the centre line from A, makes a pirouette at D instead of at L - it is up to the Judge at C to decide whether to sound the bell or not. However, if the bell is not sounded at an error of course and the test requires the same movement to be repeated and the Athlete again makes the same error, the Athlete is only penalised once.

The decision as to whether or not an error of course has been made will be at the sole discretion of the Judge at C. The other Judges' scores will be adapted accordingly.

4. **Error of test/execution.** When an Athlete makes an "error of the execution of the test" (trots rising instead of sitting, at the salute does not take the reins in one hand, etc.) he must be penalised as for an "error of course". In principle an Athlete is not allowed to repeat a movement of the test unless the Judge at C decides on an error of course (sounds the bell). If, however, the Athlete has started the execution of a movement and attempts to do the same movement again, the Judges must consider the first movement shown only and at the same time, penalise for an error of course.
5. **Unnoticed error.** If the Ground Jury has not noted an error, the Athlete has the benefit of the doubt and will therefore not be penalised for the error.
6. **Penalties**
- 6.1. **"Error of Course".**

Every "error of course", whether the bell is sounded or not, must be penalised, except as noted above.

First error	Two (2) points.
Second error	Four (4) points.
Third error	Elimination.

For Young Horses tests, the deduction for the first error is zero point five percent (0.5%) from the total score, for the second error one percent (1%) and for the third error, Elimination.

6.2. Other Errors

All of the following are considered errors, and two (2) points will be deducted per error, but they are not cumulative and will not result in Elimination (including for Freestyle tests):

- Entering the space around the arena with whip or with boots on the Horse's legs or with discrepancy in dress (e.g. lack of gloves);
- Entering the Dressage arena with whip or with boots on the Horse's legs or with discrepancy in dress (e.g. lack of gloves);
- Entering the arena before the sound of the bell;
- Not entering the arena within forty five (45) seconds after the bell, but within ninety (90) seconds;
- For Freestyle tests, entering the arena after more than twenty (20) seconds of music;
- If the Freestyle test is longer or shorter than stipulated on the test sheet, zero point five percent (0.5%) will be deducted from the total artistic score.

7. **Elimination.**

- 7.1. **Lameness.** In a case of marked lameness, the Judge at C informs the Athlete that he is eliminated. There is no appeal against this decision.
- 7.2. **Resistance.** Any resistance which prevents the continuation of the test longer than twenty (20) seconds is punished by Elimination. However, resistance that may endanger Athlete, Horse, Judges or the public will result in elimination for safety reasons earlier than within twenty (20) seconds. This also applies to any resistance before the entering the Dressage arena or when leaving the arena.
- 7.3. **Fall.** In the case of a fall of a Horse and/or an Athlete, the Athlete will incur in Elimination.
- 7.4. **Leaving Arena During Dressage Test.** A Horse leaving the arena completely, with all four (4) feet, during a Dressage Competition between beginning and end of the test will be Eliminated.
- 7.5. **Outside Assistance.** Any outside help by voice, signs, etc. is considered as illegal or unauthorized assistance to an Athlete or to his Horse. An Athlete or Horse receiving positive assistance must be Eliminated.
- 7.6. **Bleeding:** If the Judge at C suspects fresh blood anywhere on the Horse during the test, he will stop the Horse to check for blood. If the Horse shows fresh blood, it will be eliminated. The elimination is final. If the Judge through examination clarifies that the Horse has no fresh blood, the Horse may resume and finish its test.

If the FEI Steward discovers fresh blood in the Horse's mouth or in the area of the spurs during the equipment check at the end of the test (Art. 430.10), he informs the Judge at C, who will eliminate the Horse and the Athlete. If there is blood elsewhere on the Horse, an FEI Veterinarian is to be called to decide if the Horse is fit to continue.

If the Horse is eliminated pursuant to the above, or if the Horse is injured during the test and starts bleeding after finishing the test, it should be examined by an FEI Veterinarian prior to the next Competition to determine if it is fit to continue in the Event the following day(s). The decision of the FEI Veterinarian is not subject to appeal.

7.7. **Other Reasons For Elimination**

- Horse and Athlete combination not being able to fulfil the requirements of the level.
 - The performance is against the welfare of the Horse.
 - Horse and Athlete combination not entering the Competition arena within ninety (90) seconds after the bell. Except where a valid reason thereto has been informed to the Judge at C (valid reason may be losing a shoe, etc.)
 - The whip is being carried longer than for three (3) movements.
8. **Penalty Points.** The penalty points are deducted on each Judge's sheet from the total points obtained by the Athlete.
9. **Execution of Movement at Certain Point.** In a movement which must be carried out at a certain point of the arena, it should be done at the moment when the Athlete's body is above this point, except in transitions where the Horse approaches the letter from a diagonal or perpendicular to the point where the letters are positioned. In this case, the transitions must be done when the Horse's nose reaches the track at the letter so that the Horse is straight in the transition. This includes the execution of flying changes.

10. **Beginning/End of Test.** A test begins with the entry at A and ends after the salute at the end of the test, as soon as the Horse moves forward. For the sole purpose of checking the Athlete/Horse for blood or correct equipment, the test is not considered ended until after the check of the equipment. Any incidents before the beginning or after the end of the test have no effect on the marks. The Athlete should leave the arena in the way that is prescribed in the text of the test.
11. **Details To The Freestyle Test.** An Athlete must enter the arena within twenty (20) seconds of the music starting.

At the beginning and end of a Freestyle Test a halt for the salute is compulsory. The test time will start after the Athlete moves forward after the halt and stop with the final salute.

Refer further to Guidelines for Assessing the Degree of Difficulty in a Freestyle Test.

12. **Details for competitions for Young Horses**

Refer further to the FEI Dressage Handbook,

ARTICLE 431 TIME

Time of tests. Only Freestyle tests are timed (Article 421 of the Dressage Rules). The time shown on the other Judge’s sheet is for information only.

ARTICLE 432 MARKING

1. All movements, and certain transitions from one to another, which have to be marked by the Judges, are numbered on the Judge’s sheet.
2. They are marked from zero (0) to ten (10) by each Judge, zero (0) being the lowest and ten (10) the highest mark.
3. The scale of marks is as follows:

10	Excellent	7	Fairly good	4	Insufficient	1	Very bad
9	Very good	6	Satisfactory	3	Fairly bad	0	Not executed
8	Good	5	Sufficient	2	Bad		

All Half marks from 0.5-9.5 may also be used both for movements and collective marks, at the discretion of the judge.

“Not executed” means that practically nothing of the required movement has been performed.

In Freestyle Tests, half marks may be used for all marks.

In tests for Young Horses, decimals to .1 may be used

4. **Collective marks** are awarded, after the Athlete has finished his performance for:
 - 1) Paces.
 - 2) Impulsion.
 - 3) Submission.
 - 4) The Athlete's position and seat; correctness and effect of the aids.
 Each collective mark is awarded from zero (0) to ten (10).
5. The collective marks, as well as certain difficult movements, can be given a coefficient, which is fixed by the FEI.

ARTICLE 433

JUDGES' SHEETS

1. The Judges' sheets have two (2) columns: the first for the Judge's original mark, the second for his corrected score. Any corrected score must be initialled by the Judge having made the correction. Judges' scores must be recorded in ink.
2. There is also a column for the Judge's remarks, where the Judge as far as possible, should state the reason for his judgment. Giving remarks is strongly recommended, when giving marks of five (5) and below.
3. The original of the Judges' sheets of the placed Athlete/Horse combinations from FEI World Cup™ Dressage Finals, FEI Continental Championships for Seniors, FEI World Championships and Olympic Games must be sent to the FEI by the OC, together with the results of each Competition, including a list where the total percentage awarded by each Judge for each Athlete must be clearly shown. A copy of the Judges' sheets should be available to the Athletes.
4. The original Judges' sheets from CDIs and CDIOs should be available to the Athletes after the Competition. No copies are required by the FEI.
5. A signed form with the JSP correction will be added to the normal Judges' sheets and made available to the Athletes. A copy of the form will be given to the respective Judge, whose mark was corrected.
6. All FEI Dressage test sheets can be downloaded from the FEI website.

ARTICLE 434

CLASSIFICATION

1. After each performance and after each Judge has given his collective marks and signed the sheets, these pass into the hands of the scorers. The marks are multiplied by the corresponding coefficients, where applicable, and then totalled. Penalty points for errors in the execution of the test are then deducted on each Judge's sheet.
2. The total score for the classification is obtained by adding the total points on each of the Judges' sheets, eventually corrected for changes by the JSP, and converted to percentage.
3. The individual Classification (CDIs) is decided as follows:
 - 3.1. In all Competitions the winner is the Athlete having obtained the highest total percentage, the second placed Athlete is the one with the next highest total and so on.

Ties. In case of equality of percentage for the first three (3) places, the higher collective marks will decide on the better placing. If these marks are tied, placings remain tied.

In case of equality of percentage in a Freestyle Test for the first three (3) places, the higher artistic marks will decide on the better placing.

In case of equality of percentage for remaining places, the Athletes are given the same placing.

For the individual classification at CDIOs, FEI Championships and Olympic Games, refer to Articles 452 and 459 of the Dressage Rules.

4. The Team Classification (CDIOs) is decided as follows: In all team Competitions the winning team is the one having the highest total points of their three (3) best Athletes, the second placed team is the one with the next highest total and so on.

Ties. In case of equality of percentages, the winning team is the one whose lowest classified Athlete out of the three (3) has the best result. This rule applies only for ties for first and second place in FEI Championships (gold and silver) and where there is qualification for teams for Olympic Games for the first three (3) teams. In case of teams having equal percentages for third place (bronze) and there is no Olympic qualification, the teams are given the same placing.

5. Complaints/protests. In the case of a protest/complaint being made about formal mistakes only the accredited official video (if official video recordings are contracted), can be used as evidence.

ARTICLE 435 PUBLISHING OF RESULTS

1. After each performance the percentage awarded by each Judge will be published separately and provisionally in addition to the general total. For example: 1) Percentage per Judge E= 69.990%, H=70.333%, C=70.205% M=71.120%, B= 69.660%; 2) Final percentage: 70.261%.
2. After the announcement of the final classification of the Competition and the total percentage (2), the percentage (1) awarded by each Judge are published under his own name, communicated to the press and to the FEI (compare Article 433 of the Dressage Rules).
3. All results must be published in percentages with numbers to three (3) places after the decimal point.
4. At FEI Continental Championships for Seniors, Regional Games, FEI World Championships, FEI World Cup™ Dressage Finals and Olympic Games, the score given by each Judge for each movement performed by the participants must be made available in spreadsheet form (one - 1- form for each Athlete) for the use of Judges, Athletes, Chefs d'Equipe and the media.
5. If an Athlete withdraws prior to a Competition, is excused, eliminated or a "no show" prior to or during the performance of a test, the words "withdrawn" or "excused", "eliminated" or "no show" or abbreviations must appear after the Athlete's name in the result sheet.
6. Scoreboard. No scoring should be visible to the judges during a test. Solutions to show a running score (total average percentage) and open scoring (average marks per movement for all judges) to the audience are encouraged.

ARTICLE 436 PRIZE-GIVING

Participation in the prize-giving ceremony of placed Athlete/Horse combinations is compulsory. Failure to do so entails losing the classification (rosette, plaque, prize in kind, prize money). Exception to this rule can only be granted by the President of the Ground Jury/Foreign Technical Delegate and/or the Judge at C for the particular Competition. Dress and saddlery have to be the same as in the Competition, however black or white bandages are allowed. For safety reasons Athletes are not allowed to carry flags or other items during prize giving. Only winner rugs/blankets are allowed to be worn by Horses during prize-giving.

Rosettes should be placed on the Horses' bridles prior to prize-giving.

The President of the Ground Jury or Judge at C in the Competition must be-involved in the prize-giving ceremony and approve any exceptions to the above procedure if necessary.

See also recommendations for prize-giving ceremonies (FEI website). Very loud music which may excite and frighten Horses is not allowed and at all times when Horses are grouped together - prize-giving, Horse inspections, etc. - Athletes and/or grooms and everyone involved must act in a responsible way.

Carelessness or irresponsible behaviour may result in the giving of a Yellow Warning Card. Acts of gross irresponsibility or carelessness resulting in accident will be reported to the FEI for further action. Refer to GRs.

ARTICLE 438

JUDGES SUPERVISORY PANEL (JSP)

A Judges Supervisory Panel (JSP) is mandatory for Olympic Games, World Equestrian Games, Continental Championships on Grand Prix level and World Cup Finals. A JSP may be present at all CDIs.

The purpose of the JSP is to ensure fair judging.

The JSP should consist of three (3) members, two (2) judges and one (1) trainer/Athlete. All JSP members must be independent and experienced (judges: 5*), well respected and diplomatic, adhere to the judges' codex, have integrity and communication skills. Active judges, trainers and Athletes must take time off judging, riding and training participants for equestrian events as specified in the JSP Job description during their term as JSP members. There can be a maximum of one (1) JSP member per NF on the same panel.

The JSP may correct definite technical mistakes and counting errors. The JSP may not set marks outside the range of the judges' given marks. Corrections may be made both to lower and raise marks. The JSP must inform the judges immediately after the competition which marks have been changed. A signed form with the correction will be added to the normal sheets and made available to the Athletes, and given to the Judge, whose mark has been changed..

At events, the JSP should have a good view of the entire arena and be provided with computer screens showing the judges' marks instantly, as well as video of all the rides, which can be rewound and re-watched.

The term for JSP members is minimum two (2) years, maximum two (2) times two (2) years, with a rotation system. The age limit is seventy four (74) years.

ARTICLE 439 **APPEAL COMMITTEE**

The GRs refer to the Appeal Committee.

Up to CDI5* Events, including FEI World Cup™ Dressage Qualifiers, there need not be an Appeal Committee.

For CDI Os, FEI World Cup™ Dressage Finals, FEI World Cup™ Dressage League Finals, all FEI Championships, Regional and Olympic Games an Appeal Committee must be appointed.

The President and members of the Appeal Committee must have expertise in equestrian Events. At least one (1) of them must be an active or retired FEI Dressage Judge. 3*, 4* and 5* Judges and retired Judges of any of these categories of Dressage Judges can be President/member of an Appeal Committee. One (1) member of the Appeal Committee shall be foreign.

Appeal Committee members are not allowed to officiate in any other capacity during an Event (including officiating in CDN Competitions). However, at the discretion of the FEI one (1) member of the Judges Supervisory Panel may also be an Appeal Committee member (but not President).

ARTICLE 440 **ABUSE OF HORSES**

The GRs refer to Abuse of Horses and such rules and regulations are applicable to all FEI Dressage Events.

ARTICLE 441 **VETERINARY COMMISSION AND FEI VETERINARY DELEGATE**

1. The composition of the Veterinary Commission, which is compulsory for Regional and Olympic Games, FEI World Cup™ Finals, all FEI Championships and CDI Os and the appointment of its President and members must be in accordance with the Veterinary Regulations.
2. At CDIs, the presence of a veterinarian, to be regarded as the FEI Veterinary Delegate appointed by the OC, is required in accordance with the Veterinary Regulations.

ARTICLE 442**STEWARDS**

The GRs refer to the Stewards and such rules and regulations are applicable to all FEI Dressage Events.

In case of teams having equal percentages for third place (bronze) and there is no Olympic qualification, the teams are given the same placing.

In all Competitions the winner is the Athlete having obtained the highest final percentage, the second placed Athlete is the one (1) with the next highest total and so on.

Ties. In case of equality of percentage for the first three (3) places, the higher collective marks will decide on the better placing. If the collective marks are equal, the collective marks of the Judge at C will be decisive.

Grand Prix Special

The FEI Grand Prix Special is the final Team competition and 2nd Individual qualifying competition. The FEI Grand Prix Special is limited to and compulsory for the best six (6) placed teams of the Grand Prix, including those tied for 6th place, as well as the eight (8) highest placed Athletes of the Grand Prix not otherwise participating as qualified team members, including those tied for 8th place.

ARTICLE 456 STARTING ORDER

1. Grand Prix

The draw for the order of starting in the Grand Prix competition, which includes both teams and individual Athletes, will be conducted as an ordinary draw in the following manner if manually drawn (may also be computerised):

- 1.1 The names of the individual Athletes are placed in a receptacle (A). Numbers equivalent to all starters are placed in a second receptacle (B).

An individual Athlete's name is drawn from receptacle A and a starting place for that individual is drawn from receptacle B. A second individual's name is drawn from receptacle A and a starting place for that individual and so on for all individuals.

- 1.2 Numbers equivalent to the starting number of teams are placed in a receptacle (C) and placed in another are the names of nationalities of competing teams (D). Then a draw is made for the name of a team, which will be followed by a draw for a number, giving a team its starting order. This continues until the last is drawn.

- 1.3 The Chef d'Equipe of each team will determine the starting order of team members within his team. The Chef d'Equipe must deliver to the Event director, at the latest one (1) hour before the draw, a sealed envelope containing the order of go of the Athletes within his team.

- 1.3.. When the competition is held over two (2) days the individual starters shall be drawn in the reverse order of the FEI World Dressage Ranking list in two (2) groups, the highest placed Athletes drawn on the second day. When the competition is held in one (1) day the starting field will be divided in two (2) groups and the highest placed Athletes on the world ranking list will be drawn last.

- 1.4 The starting list is made out with the individual Athletes placed in the positions they have drawn. The team Athletes are then inserted in sequence in the remaining places.

2. Grand Prix Special

The starting order for the Grand Prix Special will be drawn in the following groups during the Chef d'Equipe meeting on the day after the Grand Prix:

- 1st group: individual Athletes placed 5-8 in the Grand Prix
- 2nd group: athletes of the teams placed 4-6 in the Grand Prix
- 3rd group: individual Athletes placed 1-4 in the Grand Prix
- 4th group: athletes of the teams placed 1-3 in the Grand Prix

The starting order of the athletes within a team will remain the same as in the Grand Prix.

3. Grand Prix Freestyle

The order of starting in the Grand Prix Freestyle Test will be determined by a draw within three (3) groups of six (6), with the group of Athletes placed 13-18 in the Grand Prix Special starting first and finishing with the group of Athletes placed 1-6.

The draw for the order of starting must be stated in the schedule.

ARTICLE 459 CLASSIFICATION

1. Teams

Both the Grand Prix and the Grand Prix Special Competitions, which are valued at an equal level, count towards the final Team classification.

The winning team is the one (1) having the highest total percentage of their three (3) best Athletes after their results of the Grand Prix and Grand Prix Special. The second placed team is the one (1) with the next highest total and so on. The final result for each team should be given in the form of a percentage score with numbers to three (3) places after the decimal point. The total score for the classification is obtained by adding the total points on each of the Judges' sheets, eventually corrected for changes by the JSP, and converted to percentage

Ties: In the case of equality of percentages the winning team is the one (1) whose lowest classified team Athlete in the Grand Prix Special has the best result in the Grand Prix Special. If still tied the same rule will be applied to the second lowest classified Athlete in the Grand

Prix Special and so on. For teams placed 8th to 11th the same rules are applied for the Grand Prix.

2. **Individuals**

Only the Grand Prix Freestyle Competition counts towards the final Individual Classification.

The winning individual athlete is the one (1) with the highest final percentage in the Grand Prix Freestyle Competition. The second placed individual athlete is the one (1) with the next highest total percentage in the Grand Prix Freestyle, and so on. Percentage scores are given with numbers to three (3) places after the decimal point.

Definition AIDEO Minimum Standard Footing

The soil has to be elastic and has to have a good grip to enable the hoof to have a gliding phase (not dull) in the sand. The used materials should not be too big, sands and stone meals should not have a grain size higher than 4mm, fleece approximately 30 mm and fibres <50 mm length. The fleece or fibre portion should not be too high. Wood supplements are harmless, however, the wood shavings should not be bigger than 40 x 10 mm (Caution: wood becomes organic). The used materials are not to be too coarse-grained or sharp-edged. Rubber mats could be useful under certain circumstances depending on the drainage. When maintaining the soil, attention is to be paid that the soil does not compress too much and that the moisture level is adequate. The soil must not stick to the hoofs
