

Rhonda Kath Memorial

Medium Horse of the Year

Rhonda Kath was a successful dressage competitor and coach who ran a riding school in the Toowoomba district.

She was very involved with young riders, as many of her students were young competitors.

She was one of those coaches who put her students before herself at dressage competitions, being a common sight in the warm up area ensuring her students nerves were settled and warmed up before their tests.

The dressage community lost a lovely character when sadly she lost her life in a freak traffic accident whilst out riding.
