Equestrian Australia Coach Camp is presented by

Kentucky Equine Research®

EA Coaching Camp Expectations:

As I participant of the coaching camp I understand the following:

- 1) This an intensive version of coach training and will be an action packed 3 days
- 2) By participating in this camp I am not guaranteed to pass all the requirements
- 3) Active participation in the course is mandatory, if you do not get involved you will not pass
- 4) A required level of knowledge is expected of you before you attend the camp:
 - You have been around an EA accredited coach and understand the format of lessons expected by an EA accredited coach
 - You have read through the coaching booklets and familiarised yourself with the requirements and expectations
 - You are aware of the lunging process and have observed lunging in practise and are able to supply your own lunging equipment
- 5) Below are the competency statements for Introductory level coach please ensure you have a clear understanding of all these points:
 - ✓ **Unit 1 Coaching Safely**
 - Identify the elements of risk management and develop a risk management plan for their facilities, adapting training sessions, equipment or the venue to comply with EA and Industry standards.
 - Identify legal and ethical issues and responsibilities of the coach and other stakeholders, and articulate these responsibilities as well as insurance coverage for EA coaches.
 - Identify and rectify common safety threats and Occupational Health and Safety considerations in training sessions for the beginner participant and the role of the coach in setting appropriate safety standards.
 - Implement accident reporting procedures and apply basic first aid for people and horses in the event of an emergency/accident.
 - ✓ **Unit 2 Coaching Principles**
 - Demonstrate the difference between teaching, coaching and the range of coaching styles within equestrian pursuits and functions an Introductory Equestrian coach may be expected to fulfil.
 - Plan and prepare lessons in accordance with EA and industry-accepted coaching practices and ride organisation training for beginner participants, in groups and individually.
 - Identify conflict triggers and demonstrate effective resolution strategies and communication techniques for the equestrian environment
 - Identify the needs of the beginner participant and implement appropriate holistic progression strategies for their stage of development.

Unit 3 Equestrian Specific Coaching Skills and Experiences

- Demonstrate the basic requirements for assessing a horse and a beginner participant (capabilities and performance) and providing appropriate feedback.
- Incorporate skill sequencing/development of basic riding skills into the planning and delivery of beginner lessons
- Articulate and demonstrate the essential skills for the first lessons on the flat and teach beginner skills in the upright position, aids and paces, tracks, figures and school movements and lungeing the participant.

6) Required technical skills for introductory coach:

- Ability to teach:
- Mounting and dismounting
- Holding the reins
- The upright seat
- Basic control, stop go and turn
- Walk, rising trot, sitting trot, canter
- Use of monkey grip or neck strap
- Teach correct canter lead
- Correct rising trot diagonal
- Controlling speed
- Quality of pacing

Dressage

- Teach straight tracks, diagonals, centre and $\frac{3}{4}$ lines turns across the arena
- Teach in walk trot and canter 20m circle, 3 loop serpentine figure of 8

Lungeing

- Demonstrate lungeing the horse and participant in walk, trot and canter
- Maintain control and a circle of approximately 20-metres
- Demonstrate a progression in the lunge lesson

7) Required technical skills for level 1 coach:

Dressage

- Teach the half-halt
- Teach circles of 20m and 15m in walk, working trot (rising and sitting) and canter
