# **Article Numbers as per National Jumping Rules**

## **Article 239 (Table C)**

Faults under Table C are penalised in seconds which are added to the time taken by the athlete to complete his round or by elimination.

## **Article 273 2.2 3.3.1 4.3**

This is a competition over two rounds.

2.2 All athletes have to take part in the first round. The following go forward to the second round according to the conditions of the schedule: a limited number of athletes (at least 25% and in any case, even it is not mentioned in the schedule, all clear rounds) in accordance with their placing in the first round (penalties and time or penalties only, according to the conditions of the schedule).

The manner of judging this competition must be specified in the schedule

3.3.1 First Round under Table A Against the clock. Second Round under Table A against the clock starting in reverse order of penalties and time in the 1<sup>st</sup> round: Athletes retain their drawn order in case of equality of penalties and time. There will be no jump off

4.3 Athletes will be placed according to aggregate penalties over both rounds and the time incurred in the second round.

## **Article 273 3.3.2**

This is a competition over two rounds.

3.3.2 First Round under Table A Not against the clock. Second Round under Table A against the clock starting in reverse order of penalties in the 1<sup>st</sup> round: Athletes retain their drawn order in case of equality of penalties. There will be no jump off

## **Article 238.1.1**

This is a competition not against the clock. The athletes with equality of penalties share the prizes. Depending on the conditions of the schedule, there may be one or two jump-offs not against the clock for those with equality of penalties for first place.

## **Article 238.2.1**

This is a competition against the clock. Athletes with equality of penalties for any place are placed in accordance with the time taken to complete the round. In the event of equality of penalties and time for first place, there may be a jump-off over a shortened course over obstacles, which may be increased in height and/or spread in accordance with the provisions of the schedule.

## **Article 238.2.2**

This is a competition against the clock, but in the event of equality of penalties for first place, there will be one jump-off against the clock. Other athletes are placed according to their penalties and time in the first round. For minor competitions, the jump-off may be run according to table C, if thus provided in schedule.
