In the case of oversubscription, the Dressage Qld Clinic Policy will be employed.

Dressage Queensland Clinic Policy

The need for a Dressage Qld clinic policy is necessary to remove potential bias when a limited number of lessons are available with an International Coach/Trainer, and oversubscription occurs at a Dressage Qld organised clinic.

The ideas behind the policy are to:

- Help the dissemination of information from coaches/coach educators/judge educators etc, downwards.
- Meet squad benefits criteria as per squad agreements.
- Reward the volunteers of our sport.

When oversubscription to a Dressage Qld organized clinic with an International Coach/Trainer occurs, preference will be allocated on a points system as per the Dressage Qld Clinic Policy Points Table (see below). Where oversubscription occurs, second horses will be placed on the reserve list.

Please complete the following and send it back to the clinic organiser.

** Please note, priority will be given to EQ members over riders from other states **	
* Points are allocated to nominated riders only, not owners or associates of the horse *
