VACCINATIONS

Strangles (*Streptococcus equi equi*) is the most contagious bacterial infection of horses in Australia. It is spread by contamination of water and feed containers, stable walls, bars and bedding (fomites). Strangles infections are very easily transmissible and young horses, old horses and stressed horses are all potentially less than 100% immunocompetent. Strangles is only one such highly infectious and contagious disease that is likely to be transmitted when horses come into contact with each other and novel environments, at competition venues.

There are no vaccination requirements to enter this event. However, we strongly recommend that tetanus and strangles vaccines are up to date for every horse attending this event. We also strongly encourage owners of horses that reside in high risk areas to vaccinate against the Hendra Virus. Riders are required to advise the Hendra vaccination status of their horses on the entry form.

Riders and owners of horses who are not currently protected against Hendra Virus should be aware that veterinarians may refuse to treat horses until an exclusion test has shown that they do not have Hendra Virus.

QUEENSLAND TICK REQUIREMENTS: Please contact **QLD DAF Call Centre:** Ph. (07) 3404 6999 or 132523 for information. Spraying arrangements for horses returning to tick free areas and NSW will be organised to allow horses to be sprayed at QSEC prior to departure.

PROPERTY IDENTIFICATION CODE: It is compulsory to provide a PIC with your entry.

QSEC Policy:

Please note QSEC has a **no glass** policy. This includes glass jars, bottles and any glass products. Only alcohol purchased at the venue can be consumed at the Indoor complex.

Welfare of the Horse

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and competitors must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. **The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.**

A full copy of this Code can be obtained from the Fédération Equestre Internationale. The Code is available in English & French. The Code is also available on the FEI's website: <http://www.fei.org>
