## VACCINATIONS

Strangles (*Streptococcus equi equi*) is the most contagious bacterial infection of horses in Australia. It is spread by contamination of water and feed containers, stable walls, bars and bedding (fomites). Strangles infections are very easily transmissible and young horses, old horses and stressed horses are all potentially less than 100% immunocompetent. Strangles is only one such highly infectious and contagious disease that is likely to be transmitted when horses come into contact with each other and novel environments, at competition venues.

There are no vaccination requirements to enter this event. However, we strongly recommend that tetanus and strangles vaccines are up to date for every horse attending this event. We also strongly encourage owners of horses that reside in high risk areas to vaccinate against the **Hendra Virus**. Riders are required to advise the Hendra vaccination status of their horses on the entry form.

Riders and owners of horses who are not *currently protected* against Hendra Virus should be aware that veterinarians may refuse to treat horses until an exclusion test has shown that they do not have Hendra Virus.

**QUEENSLAND TICK REQUIREMENTS:** Please contact **QLD DAF Call Centre:** Ph. (07) 3404 6999 or 132523 for information. Spraying arrangements for horses returning to tick free areas and NSW will be organised to allow horses to be sprayed at QSEC prior to departure.

**PROPERTY IDENTIFICATION CODE:** It is compulsory to provide a PIC with your entry.
