

## **Sharon Goss**

I have been on the Show Horse Queensland committee for the past 2 years and I am currently the Treasurer.

As I have a drive to maintain the correct procedures and to ensure the show horse committee are paid on time and balanced correctly.

To improve the procedures and to introduce new and improved ways on how to a run shows with the help of new technology. To maintain good record keeping for show records.

## **Darryl Hayes**

I commenced riding for clients from the age of 13, riding stallions for the Owendale Pony stud as well as showhorses of all heights. I have continued riding for others ever since until retiring from the ring in late 2018.

I competed at Royal level since 1974 and I have shown at every royal in Australia except Perth.

I have been lucky to have exhibited many lovely horses for clients winning State Horse of the year titles as well as National titles on many occasions.

I served on the Equestrian Victoria Show horse committee for a number of years. I was EA National Riders Rep for approx 4 years and I have also served on the EQ Showhorse Committee and was the Queensland Representative to the EA National Showhorse committee until recently.

In 2018 I was part of a subcommittee that rewrote the EA National Showhorse Rules.

I am passionate about educating horses and riders. I love helping people make a connection with their horse and seeing them improve.

## **Mary MacMillan**

With a continued involvement of over 40 years, as a Steward, Judge and Ringmaster at a large variety of equine events across Australia, I would expect the experience I have gained would be beneficial to any equestrian organisation.

Preceding this time, I competed extensively through my local PCAV club with a keen interest in jumping, before continuing to ride as an adult, both in Victoria, and later once I moved to Queensland.

My move to Queensland was to join the MacMillan family where I rapidly gained a vast amount of knowledge and experience from their extensive high level competition activities across both the show ring, dressage, and stockhorse events at numerous Royals, Ag Shows and EA Events.

In later years, with my family gravitating away from horse events, I have retained my involvement in an official capacity, as an Honorary Council Steward at Brisbane Royal and as Ringmaster at my hometown Ag Show in Victoria while also judging and stewarding at numerous events in between, including stewarding at Canberra Royal.

I also continue to involve myself with the Australian Power Boat Association, where I have held executive committee positions at both club, state and national levels for over 20 years (receiving Honorary Life Membership for exemplary dedicated service), while also competing, managing teams and organising events at all levels of the sport.

Consequently, I expect my experience and knowledge will be put into good use through any association with Equestrian Queensland.

## **Janine Shepherdson**

I have been involved with horses all my life and in the past, I have served actively on SHCQ and ANSA committees.

I am married and have 2 grown up sons and work in the office of our own business Q Roofing Pty Ltd. I also work for David Lovell at Redlands Veterinary Clinic as a senior equine nurse, when I have worked for 13 years.

I love to travel and have a passion for OTT racehorses, re-educating them and producing a lovely saddle / show horse.

I feel I can contribute to EQ Show Horse committee with a commitment to helping the current committee representative, involve and serve members and provide an important training ground for the future equestrians. Work with committee to reach a consensus about the business before it and making decisions as a collective group.

## **Melanie Wellsted**

I am currently the Vice Chairman on the EQ Show horse committee and have held this position for the last 2 and a half years.

I look forward to working progressively to develop the sport of show horse, encouraging members of all ages and levels of riding to participate in clinics and competitions.

I welcome change and advancement of the organisation for the betterment of the sport for the greater member body.
