BIOSECURITY

For information in relation to travel permits & spraying please contact your local Department of Primary Industries. It is a requirement for entry to this event that all competitors provide a current **Horse Health Declaration form** for each horse entering the showgrounds.

A new Equestrian Qld HHD Form is required upon check in every time a horse is brought onto the grounds. You must submit your Horse Health Declaration when checking into the IQ Office.

The Horse Health Declaration form can be found at

<https://www.qld.equestrian.org.au/sites/default/files/Horse%20Health%20Dec%20-%20Digital.pdf>

Biosecurity legislation requires we all must keep Movement Records when we take our horses somewhere. A Movement Record can take many forms – it can be a written note in a diary, a horse health declaration form, a note in your smartphone, etc. It needs to record the date of the horse movement, a description of the horse, the property of origin (including PIC), where you are going (including PIC), and who completed the record. You are required to keep these records for 2 years.

The Horse Health Declaration form that you will be required to submit at Check In can also be your Movement Record, however, as we require you to submit your Horse Health declaration form to us, you will need to take a copy of the form, e.g. photo with your phone. You will also need to create a Movement Record for your trip home.

Please ensure you have provided a PIC number and that you enter this PIC number on your nomination form.

****A wrist band will be issued to all riders, on receipt of the Horse Health Declaration form at the IQ Office. Riders must wear their wrist band to allow the rider to pass through gear check during this event. NO ARMBAND = NO RIDE.***

Horses-do not bring sick horse/s to this venue. Practise good biosecurity before, during and after going to an event. Horses must not be tied to any fences or trees. Horses must NOT enter the camping areas. Do not erect electric tape or portable yards. Do not dump manure from trucks/trailers anywhere other than the allocated stable waste points. Do not put manure on trees. Leave stables, camp areas and arenas clean and tidy. A cleaning fee is charged for stables or yards not left clean after the event and any stable waste and manure not deposited at the designated stable waste site. Horses, when not being ridden, must be kept in allocated stables or yards.

Horses are allocated a number on the Draw. This number **MUST** be displayed on the horse's halter, bridle or saddle pad, whenever the horse is taken out of its stable or yard and is being led, ridden, competed or lunged on the grounds at an event.

Please do not put the committee or your child in this situation.

If you need to scratch from the Event you MUST try to find a replacement for your job and inform the IQ Events Secretary with who your replacement is.

If you have endeavoured to find a replacement but are having difficulty or if you are scratching due to an emergency please contact the IQ Events Secretary ASAP who will assist you.

Horse Welfare

Horse abuse in any form will not be tolerated. If horse abuse is determined the athlete will be disqualified from the competition. The sighting of blood on the horse during a test, whether wet or dry, will entail elimination and/or investigation by the Ground Jury/Technical Delegate based upon the Sport Rules of the discipline involved.

Soundness

The Judges are required to satisfy themselves regarding soundness of all horses and therefore have the authority to stop an unsound horse during the competition or from competing – any disputes in this area will be considered by the ground jury on the day and/or the Technical Delegate. For Dressage there is no appeal against this decision.

Clean Sport

Now is the time for a reminder that the use of prohibited substances in your horse is not tolerated and riders must be aware that random swabbing of horses may occur at random and will be conducted at any of these events. You should consult with your Vet regarding any current treatment and should be aware of the potential risk of self- administration of prohibited substances.

The FEI publishes a caution against the use of herbal supplements and products of which the ingredients are unknown. The use of any substance to affect the performance of a horse in a calming (tranquillising) or an energising (stimulant) manner is forbidden. The use of a calming product during competition may also have important safety consequences.

All controlled or banned substances can be found here:

<http://www.equestrian.org.au/medication-control>

There is also a smart phone FEI App you can download to your phone or access the web site here: <http://www.fei.org/fei/cleansport/horses>.

Saddlery and Equipment

MARSHALLING/GEAR CHECK. A designated marshalling/gear check will be made available and is compulsory for all competitors prior to their entry in **each phase of every class**. Competitors are to check into marshalling 15 minutes prior to ride time. Competitors may not compete until they have been cleared through marshalling/gear check.

NOTE: Wristbands must be worn to be cleared through gear check.

For Dressage, riders may undertake their gear check process up to 30 mins prior to ride time. This is to allow those riders that so choose, to have an uninterrupted warm-up period prior to their test. Where possible, marshalls will assist riders to move through to their correct ring at the correct time, but this is primarily the responsibility of the rider.

All equipment must comply with EA regulations for the particular discipline. It is the responsibility of the competitor and/or parents to ensure that saddlery and equipment is in good repair, meets the relevant safety standards, is fitted appropriately and meets the regulations for that event. **It is not the responsibility of the volunteers at Marshalling/gear check.**

Please refer to the illustrations of allowable equipment and information in the EA Rule Books and the information specific to each discipline in the IQ 2022 handbook.

Uniform

All riders must be in their full school approved equestrian competition uniform (including helmet, team caps & horse saddle pads). This is considered appropriate protocol for a State Championship and the committee expects schools, riders and their parents to support this expectation. In Show Jumping Course walks, riders are to be attired in full competition uniform including helmet & crop.

NB ** Failure to comply with this rule will result in any awards, points or ribbons being forfeited**

Dress for Riders

Riders competing in an EA competition, must wear an approved helmet with the chin strap fastened at all times. The same is recommended when riding a horse at any time. Protective headgear must conform with one of the current approved safety standards:

- Current Australian standard AS/NZS 3838 (2006 onwards) provided they are SAI Global marked.
- New Australian standard ARB HS 2012 provided they are SAI Global marked.
- Current American standards ASTM F1163 (2004a or 04a onwards) provided they are SEI marked.
- Current American standard SNELL E2001.
- Current British standard PAS 015 (1998 or 2011) provided they are BSI Kitemarked.
- Interim European Standard VG1 (01.040: 2014-12) with or without BSI Kitemark.

Helmet Tagging:

Helmet tagging is compulsory for Eventing and CT and from June 28th, a tagged helmet is compulsory for all participants at IQ events, regardless of discipline.

A **helmet tagging** steward or designated person will be available at the IQ office from **7-8am**.

Remember, the EA tag does not verify that the helmet is safe or in working order. It only verifies that the helmet complies with the specific standards as mandated by the EA Rules. Riders are strongly encouraged to check their helmet regularly (even if it is tagged). And replace their helmets if they have been damaged or impacted in a fall.
