

**NAME: Ashlyn Dyer**

I bring a strong blend of strategic leadership, operational expertise, governance capability, and long standing commitment to the equestrian community—attributes that position me well for a role on the Equestrian Queensland Board. I am a Graduate of the Australian Institute of Company Directors, Company Directors Course and have had chair and committee roles within Disability Inclusion, First Nations, Clinical Governance and WHS Committees.

In my previous corporate roles, I was responsible for overseeing operational performance, ensuring alignment with governance, quality, safety and compliance frameworks. These roles involved reviewing incoming acquisitions, assessing operational risk, integration readiness, cultural alignment and strategic fit. I led due diligence processes, ensured systems and processes met governance expectations, and implemented operational efficiencies to strengthen performance. This experience mirrors the current environment within Equestrian Australia and Equestrian Queensland, where governance reform, national–state alignment, and operational effectiveness remain core priorities for the future direction of the sport.

In my current role, I oversee national strategy, operational delivery, budgeting and workforce leadership. My work involves shaping policy, setting organisational direction, managing diverse stakeholder relationships—including University and industry partners—and leading teams through change. These experiences have strengthened my capability in strategic planning, risk management, compliance, and building systems that support transparency and accountability.

I have been an active member of the equestrian community for 35 years as a competitor (across Dressage and Eventing) and coach. This gives me a grounded understanding of the needs of riders, coaches, officials, clubs, volunteers and event organisers. I am deeply committed to the growth, safety, sustainability and integrity of equestrian sport in Queensland and Nationally.

I am values driven, collaborative, and dedicated to contributing meaningfully to organisations I serve. I welcome the opportunity to bring my leadership experience, operational expertise and passion for the sport to the Equestrian Queensland Board.
