Based on the Gold Coast.

COUNTY SADDLERY

BY AND FOR RIDERS WITH DISTINCTIVE TASTE

Resisting the trend toward cheaper production methods using foam rubber panels and plastic trees, County saddles continue to be painstakingly handmade on our laminated beechwood spring trees, covered in the world's finest leather, and flocked with pure wool to maximise your horses' comfort and fit. As one of the few saddlery companies in the world which actually make its own trees, County sets the industry standard in design and innovation.

Our traditional methods take longer and require a higher degree of craftsmanship, but once you sit in a County, we know you will agree that the results are clearly worth it. Although we custom make saddles for many of the world's leading riders, our commitment to quality and detail is reflected in every saddle we make, including the one we will make for you.
